EDITORIAL

WE mention the trite fact that another school year is over, further down these pages. One cannot lightly dismiss the thought, even though it does occur every June. However hackneyed may become the expression of midsummer sentiments, the fact remains that a very definite end is marked, a sort of finale to the hopes and aspirations of the school year. It's been a good year. Sitting here, with the long shadows making black bars across the quadrangle, and the last recommendation examination disposed of for better or for worse, your editor might fancy the last day right upon him; but to-night is only "printer's dead-line night",—we have a couple of good weeks ahead. So let us not be downhearted. After all the bees are in the clover, the examinations over, and a lot of fun yet to be had. So we shake up all our feelings of joy and sorrow, and send out the June issue with a certain amount of uneasiness in our minds, and our fingers well crossed.

* * *

In the more important pages of this issue we reproduce a resolution made by the Board of Governors of the College concerning the retirement of Sir Joseph Flavelle from the Chairmanship of the Board. We hope to print also a copy of a letter from the Staff to Sir Joseph. We can only echo, sincerely, the sentiments expressed in these two records. To us as boys in the school Sir Joseph is known more as a friend than an executive. One cannot help feeling that the tremendous material things he has done for St. Andrew's, are equalled by the weight of his kind personality and human interest in us and our life. Always interested, always sincere, always kind, and always helpful, Sir Joseph Flavelle has enshrined himself in our hearts, and will ever be a great inspiration. Time is passing lightly

over him, and we all hope that whether he is on the Board of Governors or not he will continue to see us and keep in touch. Long may he flourish. The regret felt on his retirement is made less by the thought that he is being succeeded by Dr. Macdonald.

So well known to St. Andrew's is Dr. Macdonald, that it would be superfluous to do much more than wish him a hearty welcome to the number one position on the Board. Dr. Macdonald knows all about us, and from the fund of his long experience can pluck the very best of help and advice. Welcome! Dr. Macdonald.

* * *

At last another school year is over. This year as usual was climaxed by a crowded Spring term. Only a few of our parents and friends of the school realize how many different activities are jammed into the short space of eight months which we spend at the school. When we return in the Fall rugby begins, and continues until November. Then comes intra-mural rugby and soccer sixes. The annual cross-country race is held. When winter arrives hockey practice begins, and continues until the Christmas holidays. On returning from the holidays we face a programme filled with hockey games, basket-ball games and swimming meets. During this term the Literary Society functions every Friday evening. When hockey is finished, training for the assault-at-arms begins. Then as soon as the ring has been dismantled, cricket practice in the gym begins. Rifle-shooting for the annual awards takes place every afternoon until the Easter holidays. After the Easter holidays the most crowded part of the year lies directly before us. In the space of fifty-eight days we have had our dance, Game's Day, Cadet Corps inspection, the annual church parade, cricket games, Old Boys' day (24th of May), recommendation examinations and some of the matriculation examinations. Coupled with this throughout the year we have had five sets of examinations. All this is the basic reason why our time at school passes so quickly through our hands.

* * *

This year school spirit has continued to increase. All teams, whenever it was possible, were well supported by the school. At times perhaps the school's enthusiasm threatened to exceed its proper limits. As long as the whole school is keen the success of teams from St. Andrew's will cause no worry.

* * *

Omnia mutantur. We have learned with no little regret that three members of the Staff will not be with us in September. After three years in charge of Modern Languages at the School, Mr. W. B. Ross has been

awarded the Alexander Mackenzie research fellowship in European History at the University of Toronto where he will continue the studies in History which as a Rhodes Scholar he began at Oxford. Mr. Ross has done excellent work in one of the most difficult departments of the curriculum, and he has also been responsible for introducing Public Speaking into the School and for greatly increasing interest in Dramatics. We shall miss him very much indeed and wish him continued success. His place is to be taken by Mr. G. R. Tottenham.

Mr. G. W. Smith has been with us little over a year, but even in so short a time he has gained the affection and respect of Masters and boys alike. A man of many parts, he has shown a keen interest in every phase of school life and his genial personality will be sorely missed. He leaves us to fill the post of Assistant Headmaster at his old school, Lakefield Preparatory School—an appointment upon which both Mr. Smith and Lakefield are to be highly congratulated. We bid Mr. Smith a fond farewell and wish him every success in his new and important responsibilities. We shall also miss Mr. W. J. Musgrove who joined the Lower School Staff two years ago. His work with the younger boys has been invaluable and we are more than sorry that he finds it necessary to leave us. We should like to take this opportunity of congratulating him on his recent marriage and of wishing him and his bride every happiness.

Another change of considerable moment has recently been announced. After nearly twenty years as Master-in-charge of the Lower School, Mr. Tudball is moving on to become Master-in-charge of the Middle School House. It is hard to think of the Lower School without Mr. Tudball, and the many hundreds of boys who have passed through his hands will always look back on their Lower School days as perhaps the happiest time of their career at St. Andrew's. Mr. Tudball has always had an eye to every detail affecting the welfare of Macdonald House and the fruits of his labours have been abundantly shown in the high calibre of the boys who year by year have passed into the Middle School. Nor do we overlook the fact that Mrs. Tudball has also played a most important part in the life of the House; her kindly interest and sympathetic understanding will never be forgotten by all Lower School boys of recent years. Mr. and Mrs. Tudball can be sure of a very warm welcome in the Middle School. To take Mr. Tudball's place, Mr. O'Brian has been appointed acting Master-in-charge and we offer him hearty congratulations on succeeding to a position of such great responsibility and opportunity. It is the sincere wish of the whole school that both Mr. and Mrs. O'Brian may be happy and successful in their new post.

* * *

On behalf of all the cadets who attended the Cadet Corps Dance, we should like to convey our sincere thanks to the Ladies' Guild for their generous donation to the fund for the dance. This enabled us to enjoy the best dance that has been held at the school for a number of years.

* * *

The school congratulates Mr. and Mrs. J. B. Millward on the birth of a daughter on April 12th, in the Private Patients Pavillion of the Sherbrooke General Hospital, Quebec.

* * *

All the credit for the excellent Lower School section in this year's editions of the *Review* is due to Kilpatrick II and Mr. Ives. Both of them have spent much time and effort in its preparation.

* * *

We were all deeply shocked by the death earlier this year of Dr. A. W. MacKenzie, Headmaster of the Grove, Lakefield. Dr. MacKenzie was a very great figure indeed in boarding school ideals in Canada. His many old boys will feel a very definite cutting of a fine link with their youth, and we who saw him less will miss the cheerful manly dignity he cast about us on his visits here.

* * *

O'Brian I has been awarded by Princeton University the Harris Memorial Scholarship, and will commence a four year course of study there in September. He earned this honour on his excellent all-round record at St. Andrew's. We wish him good luck.

* * *

A further academic honour accrues to St. Andrew's in the admission without examination, and on his school record, of de la Macorra to the Massachusetts Institute of Technology. *Bravo Macorra!*

* * *

This year the keen competition in the track and field events produced several new records. One of these, the high-jump record, which has stood since 1911, was broken by Hamilton. The new record is 5 ft. 7½ inches. Congratulations to Hamilton.

* * *

Formerly the twenty-fourth of May passed almost unnoticed at St. Andrew's. Last year, however, a precedent was set although it was late in taking place. This year's observance of this famous day, though lacking in last year's intensity, was more prolonged. Vital statistics show that 17

boys have paid the "supreme penalty" for their fun. (This is still short of last year's record.)

* * *

We have had a number of poems submitted this year. In about an hour and a half we shall have decided which of them, if any, we shall publish. Poetry is a fine thing, and belongs in every school magazine. I feel I would be holding back, however, if I refrained from saying, "Gimme one running half-back for any three poets".

K.E.R.

TERM CALENDAR

April

Sat., 23rd—Annual Old Boys' Dinner at the School. Guest of Honour, Graham F. Towers, Esq., S.A.C., 1911-13.

Mon., 25th—Beginning of Spring Term.

May

Sun., 1st—Reverend W. H. Sedgewick, D.D., spoke in Chapel.

Fri., 6th—Annual Cadet Corps Dance at the School.

Sat., 7th—Grace Church Cricket Club at the School.

Sun., 8th—Reverend R. J. Wilson, D.D., spoke in Chapel.

Sat., 14th—Spring meeting of the Ladies' Guild in the Assembly Hall.

Sat., 14th—Games Day.

Sun., 15th—Professor Kenneth Cousland spoke in Chapel.

Sat., 21st—Toronto Cricket Club at the School.

Sun., 22nd—Cadet Corps Church Parade and Old Boys' Service, at Westminster-Central Church, Bloor Street, Toronto.

Tues., 24th—Old Boys' Day, no classes.

Wed., 25th—Cadet Corps Inspection.

Sat., 28th—Track Team at Lake Couchiching, Orillia.

Tues., 31st—Recommendation exams begin.

June

Wed., 1st—1st Cricket Team at Ridley.

Fri., 3rd—Announcement of Dr. Macdonald's appointment to Chairman of the Board of Governors.

Sat., 4th—Kappa Alpha at School.

Sun., 5th—Dr. Macdonald spoke in Chapel.

Wed., 8th—T.C.S. 1st Team at School.

Sat., 11th—U.C.C. 1st Team at School.

Sun., 12th—Reverend C. J. Frank spoke in Chapel.

Wed., 15th—School examinations began.

Thurs., 16th—Matriculation examinations began.

Sun., 19th—Communion Service in the Chapel 10 a.m. End-of-Year Chapel Service 7 p.m.

Wed., 22nd—Prize Day.

Wed., 22nd—End of Term, 5 p.m.

Exclusive Interview

Looking for a quiet place to study, one of the editorial staff trespassed his way into the chapel on a rainy afternoon last week. The Editor thinks that the studying, or the patter of rain on the roof, put the reporter to sleep. However that may be, the latter emerged with the following interview written down as well as he says he can remember it.

GOOD hunting! you who are leaving. I shall miss you all. On the whole we have had a good year; my new heating pipes worked rather well last winter I thought, and all the new copper flashings in my roofs made me feel a little proud. You chaps don't seem to notice those things, or the shrubs or grounds, as much as you do that slow steam-pipe in Flavelle House, or the leak in the cupboard of 212 Memorial. I admit Dunlap Hall was a little chilly sometimes; it was not altogether my fault.

I looked over the old boys as they came back this year. One gets quite a bird's eye view from the chapel belfry; usually the chaps whose names are on the brass tablet over the communion table slip up in twos and threes and take a peek. We were a bit crowded on Old Boys' day, especially when George McLean started knocking your bowling all over the lot.

Its a funny thing how the Old Boys differ. Of course I have known them all quite intimately, right through the days of Chestnut Park, Rose-dale, and Knox College. As a matter of fact they don't change much. Give me a good serious boy, now, who cheerfully takes the good and the bad while he is with me, and that boy will always be worth looking into when he comes back. Your Old Boy who lets himself go to seed, was usually inclined that way when he was here with me. Of course I can't do much for you fellows; I know it is I whom you come back to see. Whether you are up or down I am always really glad to see you. Miss Brooks and I remember only the good that was in you.

Now, don't feel too sentimental about leaving. I shall always be here, you know. Don't fool yourself by thinking that your S.A.C. days must necessarily be the happiest days of your lives. Occasionally, that is true; but nearly all of you will have much happiness after you leave. It is quite a step you are taking, lads, in one way. You have been somewhat sheltered here; now you must shift for yourselves. I suggest you begin life *moderately*; you can't set the world on fire all at once. You might look up the derivation of that misused word *temperance* in the big new dictionary Moffat Dunlap sent me. I suggest you set your sail as well as you can by the tried old standards that are handed out in chapel, play a straight bat and all that sort of thing, and don't be fooled by the modern idea that your only purpose must be to make a lot of money. Money is a wonderful

thing all right. Lord knows I should not be able to drink in the admiration I do, if the money had not been spent on my grounds and buildings. Everybody needs a certain amount of money, but you will be much happier if you get your fun out of doing well the job at hand. I think the money will come.

Yes, we've had a good year. You prefects did a fairly good job, I think,—went after things,—set an example. Of course your numbers are smaller than they were in the Old Rosedale days. I admit its pretty hard to turn out a champion football team with seventy or eighty boys in the upper school,—and that's about all I can hold, unless I decide to put in double deck beds or something. But don't think you can't field a great team. I was really quite pleased last fall, and it won't be long. Worms turn, you know, and dogs have their days.

I expect to have considerable painting done this summer; there's nothing like a good face-cleaning every year. By the way don't you think we were rather smart with the St. Andrew's Cross flying from the pole now and then? I like that. Smart. I'll have to do something soon about these dandelions.

Here I go, talking about myself again. I'm afraid it is a habit of old men. It was yourselves I started to discuss. Rogers said he would try to find room for a farewell salute from me; there are so many of you leaving.

Good luck. Come back. I like to hear the conversation when you come. As I said, I shall always be here, always glad to see you, shall keep ticking over for years and years and years. Good hunting!

OLD MAN ANDREW.

At the Dentist

DR. SIMPKIN, a fat, jovial fellow, paid a visit to us one Sunday afternoon. Seeing this agreeable person ascending our steps, I felt no qualms of apprehension. I had, as yet, had little experience with wolves in sheep's clothing. His ruddy face beamed with delight when mother introduced us. I, poor child of seven, felt that here indeed was a fine fellow.

At dinner, he chatted merrily, and gave me a great deal of information of the most amusing type. He devoured the roast-beef with a voracious appetite, but this, since it did not detract from his amazing loquacity, by no means mitigated my intense enjoyment.

After our alimentary repast was over, he asked me to show him my teeth. By now, of course, I was used to his singular notions, and I revealed them eagerly. He glanced at them with a professional eye. Then, having completed his survey, he turned to mother and muttered:

"Two large cavities."

Soon after, he departed, and I extolled exuberantly to mother all the good traits which I had noticed in him. She smiled, and, with a doubtful look, told me that I should visit him in the near future.

I did. O desperate pangs of agony! How long shall I remember you. His cheery obesity greeted me at the door of his office, and he led me to a dreadful chamber, where walls, I venture to say, contain many echoes of my terrible shrieks. Fool that I was, I looked forward to what was going to occur. I deposited myself on the chair with a gay smile and sniffed with superb glee the aroma of decayed teeth which pervaded the atmosphere. He grabbed from nowhere a pencil-shaped object and proceeded to attack me with tremendous avidity. O, the buzzing sound! O, horrid and sharp pains which devoured quickly my cheerfulness! When all was over, I arose, a bedraggled heap, to be shown away by my deceitful persecutor, who offered a casual reminder to return on the next day at the same time.

Now, note my words. You can never read a man's brain by looking at his features. You will never know his mind by listening to his dinner-table talk. Since that fateful day, I have been deceived many times, but, of all these, the most vivid is my inauspicious visit to the dentist.

WILSON.

Exeo

IN less than a month the examinations will be over. In less than a month I shall have left the school . . . the past eight years,—how happy they have been!

In the fall of 1930 I drove up to Macdonald House, my heart filled with curiosity. I was so excited over the new adventure that sitting still was an effort. It took, however, but a few minutes of Mr. Tudball's time to set me perfectly at ease and make me feel at home. For three fleeting years in the Lower School I felt this way, and I learned the lessons that all boarding schools teach.

Although I disliked leaving the Lower School, yet I was looking forward to being an Upper School boy. When I went there, everything changed. Gone were the dormitory and the seven room-mates with whom I had had so much fun. Now I had a small room with one other boy; I had a feeling of privacy and ownership. At last was a room for two, a

desk lamp, and a cupboard; I was to look after my own clothes. I had everything a Lower School boy dreams of.

Five years have I spent in the Upper School,—each year better than the last. First I was a lowly fag, one of the crowd; at last I was a senior. What glorious escapades have I had in these buildings! What not-so-glorious results have some of them entailed!

As I look from my window over the quad and playing fields I hate the thought of leaving. In a few weeks all my friends will be going their respective ways,—and I mine; perhaps we shall never meet again. *Eheu! fugaces.* Goodbyes will be hurriedly said,—to a few easily, to many with difficulty. No true Andrean can welcome the thought of leaving.

The sun is going down,—not only on this last day of May, but also on my career at St. Andrew's,—the happiest part, maybe, of my life. *ἀνδρίζεσθε κραταίουσθε.* I'm sure I shan't be considered smug if I admit that I feel the old school motto looms now with great importance, that I

must acquit myself in accordance with it; and when I go out, help those old boys who have gone ahead of me to bring credit to this "home" I am leaving.

Anyway, that is how I feel about it. Let me see . . . to-morrow . . . Chemistry, Latin Authors, English Lit., Trig. . . . Am I right or am I wrong?

G.J.C.

Public Nuisance, No. 1

THERE always have been, and there always will be pests. One, of course, in making such a statement lays oneself open to criticism, for does not everyone of us, to some degree, cause annoyance? It is not, however, to the majority that I refer, but to the "few." There are, as in everything, different types of nuisances. There is that genial person who almost knocks the breath out of you whenever he greets you. There is that towering personality who makes you wince with pain every time he greets you with a hand-shake, and who makes the bones in your fingers crack like ice on a frozen river, when thawed by the first warmth of spring. There are those inexorable bores; there are those who persist in placing their dirty shoes on your best chesterfield; there are those whom no amount of imploring will deter from dropping cigarette ash on the priceless Turkish rug; but by far the most provoking, are the public nuisances No. 1, the radio enthusiasts.

The clock strikes five. Out comes the pocket watch. What? Five seconds delay in the commencement of the programme? By jove, they will hear of this! Then comes the inevitable exhortation to be quiet. You can hear a pin drop, till suddenly the air is made hideous with the vibrant beat of drums, cymbals, clarinets, and saxophones. Smiles wreath the listeners' faces. Nothing could be worse, we think. Ah, but the worst is yet to come. The arms and feet begin their weird tattoo. We might, to look at the faces, be in black Haiti, where the mystic rites of Voodoo are still observed. Is this as far as man has progressed? Are we no further on than were our ancestors a thousand years before us? The barbaric drums that beat along the Congo in the dark ages, still echo their foreboding rhythm, and the modified lituus of Boadicea still remains supreme. The nasal voice of an announcer returns us from the Congo to the Memorial House common room, and makes us again aware of the ever increasing din. The electric bill that now rings, makes a grating noise, so awful to hear, that we are even left without appetite for the eagerly anticipated meal.

Well, what of this? "Harmless" joie de vivre, you say. Harmless, when it sets your very nerves on edge, nerves accustomed to the gentle strains of Strauss? Why then do you listen? For the simple reason that we are not able to escape. In the library our minds are distracted; in our rooms above, when sleep would steep our weary eye-lids, even sleep is denied. Joie de vivre! Why then do they not find an outlet on the fields below, where exuberance is so much more becoming, so much more necessary?

No, we still respond to the barbaric and primitive urge of our cave-men forefathers. There is nothing new under the sun.

P.C., Upper VI.

Snow White and the Seven Dwarfs

(words and drawings by Thomson I)

ONCE upon a time there lived a beautiful girl whose name was Snow White. Her wicked aunt, the queen, wanted her to be killed, so that the magic mirror would proclaim her the fairest in the land. Sending for one of her HUNTERS, she bade him take Snow White into the woods, and there kill her. "The FARRER you take her, the better," she said. Snow White went gaily into the woods, and sat down amongst the flowers and green GRASS, but, suddenly looking aLOFFT, she saw a gleaming dagger in a rough hand.

"I KENT do it," cried the queen's man, "go, Snow White, run through the woods before the FROST comes, and never return."

Snow White fled through the woods, but finally flung herself down on the MOSS, weeping. The DAVIS closing, and KNIGHT descended rapidly as Snow White fell asleep. BRYAN by, Snow White was awakened by the ROBINSON in the trees, and found herself in front of a little cottage, where lived seven little dwarfs, who were pretty poor housekeepers. Snow White entered, and dusting some cobWEBBs off the BROOME, she made everything neat and CODY. SEATON herself on a stool, she waited for them to come home.

The Seven Dwarfs were slowly wending their way homeward "WILSON be home 'now," they said. Arriving at their cottage they were greeted by Snow White. "GOODEVENing," she said. The dwarfs were very surprised, but finding it was on a CONNACHER that their house was so clean, "Doc", their leader, decided to let her stay.

"SENIOR such a GOOD housekeeper, you can stay and REID us stories before we go to bed." After Snow White read them a story, she flicked a CRUMB from Grumpy's vest, and told them they had better

RUTTER long to bed now. Thus was Snow White received by the Dwarfs.

But the wicked queen, finding Snow White was still living, across the seven BROOKES, disguised herself as a witch, and applying a sleeping spell (which could only be broken by love's true kiss) to a big, red ROSSy apple, she put it in a basket amongst some other MACINTOSH reds, and cackled, "I MUSGROVER and give her this poisoned apple." (The plot thickens.) She found Snow White making a steak and KINLEY pie for the Dwarfs, and sold her the apple, telling her it was charmed, and would GRANT any wish she desired. Snow White took a bite, and fell in a swoon. (Exit the wicked W.)

The dwarfs were working hard, when all the woodland denizens created an awful noise. "AGUAYO you so excited?" asked Grumpy, when the PEACE of the wood was interrupted by the screeching of the CROWS. "Snow White's in danger," they seemed to say. The Dwarfs ran home, just in time to see a shadowy figure disappear into the woods. "We'll KETCHUM," shouted Sleepy, and yawned. Just at this moment, Prince Charming, who had been seeking Snow White, rode up to the cottage, and jumping from his horse, he entered. His first act was to kiss the still form of Snow White. Then she slowly awakened. "IVESaved her," joyfully cried the Prince, and everyone shouted with glee. ANGUS Snow White was rescued from the wicked queen (who fell over a cliff), and lived happily with her HAMPSON Prince Charming ever after.

On Looking at the Photograph of an Old St. Andrew's Hockey Team

Young faces of a generation gone
I know you not. School memories fade fast.
And yet you played—for us—and here,
And bumped and backchecked, gave it all you had.
The very photograph is turning brown.
Was cutting hair a fine and subtle art?
Did no head prefect bid you have it cut?
That master! Was his beard the butt of jokes?
And was his collar really up to date?
His hat not smaller than you wore them then?
And who played rover? Who played cover-point?
There are no names beneath your picture there,
Nor do we name the player's faces now.
And it is better so. For who can tell
What halo of imaginary fame
Might fade when we discovered some of you
Were never heard of on the ice again?
Old unknown soldiers, there self-consciously
Getting the picture done ("look pleasant, please"),
Look down on us from your dim shady heights,
And tell us once again that styles may change—
And clothing, sticks, and haircuts—but the game
Is still the game. Tell us that steadiness
And cheerfulness and pluck are all unchanged,
That games are never over till full time,
That humble victories and proud defeats
You took and gave in those forgotten days.
Old players of a generation gone,
(Just forty years you say? Why that's an *age*!)
Good hunting in your spacious overtime!
We wear your colours, use your dressing-room,
Pray in your chapel, carve your window-sills.
Carry your torch? We shall not let you down.

"Gliding"

GLIDING and soaring, which is simply motorless flight, has become a major sport in such leading countries as the United States, France, England, and Germany, and is spreading with even-increasing popularity to all the air-minded youth in the world.

Over two thousand years ago man-lifting kites were known and in use in China. This shows that the thoughts of men even at that early time were turned skywards. Nature has not given up her secrets without a keen struggle which through the ages has cost the lives of many of the most foreseeing and venturesome men, and only slowly has the knowledge been wrested, bit by bit, until at last human soaring flight has become a wonderful and definite achievement.

Early in the fifteenth century, Leonardo da Vinci, the great Italian master, after a long study of bird flight, constructed a machine which is said to have actually flown.

During the centuries preceding the Great War, countless attempts were made by ambitious men of all nationalities, but the only ones even approaching real success were the famous Wright brothers of America, who in one of their frail machines at Kitty Hawk made the sensational flight of one minute duration.

Modern soaring history, however, did not really begin until the conclusion of the War. From this time on amazing advances were destined to be made, chiefly by the Germans who have since contributed more to the science of gliding and soaring than any other race. By the Treaty of Versailles strict limitations were imposed upon Germany regarding the manufacture of airplanes. For this reason German ingenuity was concentrated on motorless flight with the result that after some years of almost complete neglect, the glider was improved in design and efficiency with the ultimate evolution of the high performance sailplane of to-day.

Gliding has always been flight through the air in a downward path, *i.e.* with constant loss of altitude.

The modern sailplane, however, is capable, in expert hands, of soaring high above its starting point and the duration of its flight is almost limitless. In general shape and proportion sailplanes much resemble the albatross or sea-gull, being highly streamlined and of enormous wingspan for their size, some measuring fifty-seven feet from tip to tip. The amazing flights now possible and commonly made in sailplanes are scarcely surprising when one considers the tireless endurance and effortless grace of the albatross when in soaring flight.

German pilots at present hold both the altitude and duration records

for motorless flight. Since the time of the famous Wright brothers, the altitude record has climbed from a scant hundred feet to almost three miles. It seems incredible that man can ascend to that great height with no propelling or lifting force other than nature herself. The latest duration record reveals an increase from Wilbur Wright's famous flight of one minute to the amazing time of thirty-six hours or a day and a half. Such flights have been made possible not so much by the development of the sailplane as by the great increase in man's knowledge of natural forces and the changing conditions in the air.

To-day the problems of motorless flight are receiving more and more attention and every day brings more adherents to its cause. Already the achievements stand out in the forefront of aeronautical and scientific development, whilst the possibilities open to the future are full of promise.

KILPATRICK:

Impressions of a Bout in the Assault

LET'S see, what time is it? Ten to four—and it's bout number four; —four more to watch. Why, oh why, couldn't they have put me up the list farther instead of ninth? Oh well, they say it isn't so bad when you get up there in the ring—it couldn't be much worse.

And so forth until number nine actually does arrive.

Rogers announces it; we both climb up and duck into the ring; the bell clangs.

Don't forget that left.—We must be putting on a pretty dull show up here, but that doesn't matter. He's not having it all his own way anyway. *Umph!* Lord, he has a heavy right there. Keep away from him and keep dancing. Don't let him see you're dizzy. Try shaking out a leg the way Chappie used to tell us to. All right, now, push lefts at him—there's the bell at last. Get all the rest you can before the next round.

Well, my condition could be worse, but I wish that second wouldn't keep trying to give me some water. What's the fellow with the towel saying? Follow him up when I get him going? Good idea, I guess. At any rate it's nice to get some advice.

There's the horn—and the bell. He seems to have been given the same sort of advice. We're putting on a regular slug-fest. That last one gave him a nose-bleed. It's a nice satisfying feeling to do that. Those little excited murmurs are going around the gym, so we must be putting on quite a show. There!—that one got him. Now, follow him up, follow him up! He turned and ducked away. That'll take points off. —I

won't be able to last long at this pace. He seems to be tired, too, though; he isn't hopping about half as much as he was. Now is the time to keep up your guard. He seems to be doing a lot of leading, but he isn't hurting me at all. —When *will* that bell go? There's Lou Hollinger giving the seconds the signal and that means about 10 seconds to go. Go for him hard. —That was lucky. They'll give me a point or two on that because it was the end of the round,—last impressions and all that.

For Pete's sake stop trying to force that water between my teeth. Can't you see I'm puffing too hard? Box him and don't forget to use my right. That sounds quite sensible. I hope that this doesn't run into an extra round, though.

There's the bell—up and at him. These left jabs are becoming monotonous. Wow! here he comes swinging hard. Keep cool and back up. He hit me several times then, but there's still lots of time. He has me going again. Darn these ropes; they always manage to be there when they aren't wanted. Funny how all these punches don't hurt at all. I suppose one becomes numb. —Carry the fight to him more or you won't be able to, stupid! Never mind how tired you are—go after him.

But it isn't as easy as it sounds, and after taking an eternity the final bell goes. Hollinger hasn't forgotten after all. A brief pause while Mr. Beer counts up the points and they announce him as winner. —Good old J. G.—maybe he'll take this weight. At any rate that's a load off my mind. I'm out of the assault now.

O'BRIAN I

POPLAR SHADOWS

Stretched in long thin wavering lines,
The shadows of the poplars bare
Stand out as if some giant hand
Had India-inked them there.

V.W., Upper II.

Class Assignment

"The happy man is he whose desires are restricted"

THE wind in the pines echoed an eerie, sepulchral note. The waves on the lakeshore, with all their congregated might, pitted their strength against those wise, hard, old rocks that now defied them as they had defied their foaming ancestors before them. The lightning, like some Verey light, cleft the storm clouds and illumined the over-hanging rocks, whose perspiring faces seemed strangely dismal, strangely foreboding. An owl's "to-wit, to-woo" made the night-laden atmosphere even more awful. Everywhere there was only the incessant drip, drip, drip of the sodden leaves, which an occasional, fitful guest of wind stirred to sluggish motion. If only something would happen—anything to break this oppressive monotony. Something did happen. A searching flash of lightning, dart-like in its fleetness, struck the nearby rocks, and a huge portion, breaking off, fell into the fretful lake, almost drowning out the thunder as it struck the greyish foam. Too dazed to move, I cowered behind a huge pine-trunk. At last courage returned. I crept forward to examine the damage. No it could not be! It was unthinkable! Everyone knew that there was no gold within hundreds of miles of Lac Seul. But here it was; seams and seams of muddy, claylike soil, which nestled between the boulders that had for so long guarded their secret so closely. Yes, here was gold—gold, that as the lamp attracts the moth, draws men closer and closer into its avaricious grasp. "Happiness" at last had been secured.

.

"Who are these? Whence do they come? What have they to do with me?" "Who are we?" They seem to say. "Do you not recognize us? That lovely creature is Beatrice. You wanted her passionately, years ago. You won, but where is she now? Gone, is she? You were happier then than now. These poor, jaded persons are all the smart friends you so desired. I gave them to you. They disillusioned you, didn't they? Do not be so surprised."

"I, the gold, the wealth, the power that you so worshipped, bought them for you. You were more contented then, merely imagining about me, merely hankering after me. Come, speak up, man." "Yes, I suppose I was," I answered looking up, but there was nothing there.

Only disillusion remained; only the noiseful hangers-on who, attracted like moths, were now coming to enjoy my hospitality. Well, they must learn for themselves. Happy is he who *thinks* he is unhappy.

. P.C., Upper VI.

The Seagull

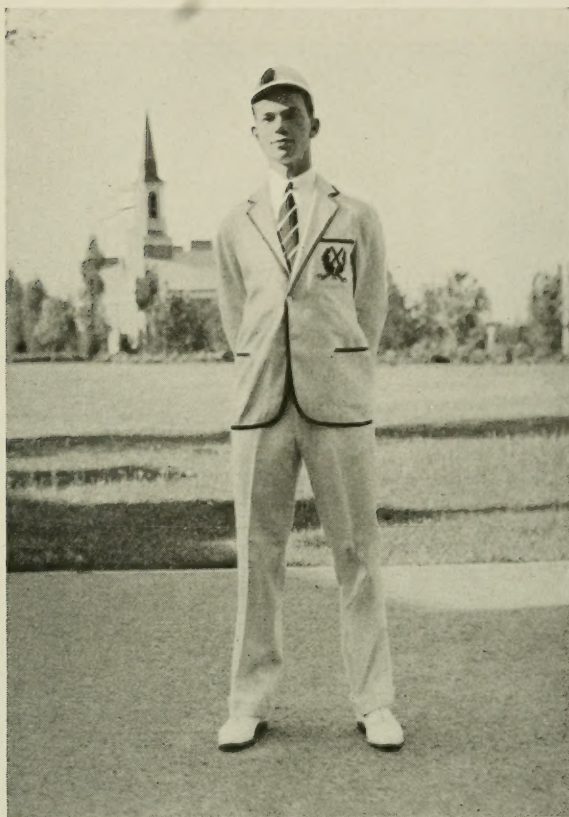

The sea-gull sails on tireless wings,
And o'er the blue sea gracefully skims
In spotless white, with yellow bill,
And watchful eye and easy skill,
Expertly wheels and swoops and dives
From azure clear untroubled skies,
Swift as an arrow, straight and true,
At silvery gleam 'neath rippling blue.
Quickly he regains the sky,
And uttering hoarse exultant cry,
Looks for some deserted reef,
There at night to seek relief
From raging waters, stormy blasts,
So long as Nature's anger lasts;
In pounding surf and howling wind,
Enthralling music he doth find;
That life is hard 'twixt sea and skies
This feathered fisherman denies.
O, to lead such careless days,
Among the wind-swept reefs and waves,
O, for such a joyous life
In regions where no war and strife
Threatens destruction to mankind;
There might we a haven find.

D.K., Lower VI.

Woman Killed at Crossing (Montreal). Flavelle House boys take warning. The Lower Flat traffic is speeding up now at meal times, and is particularly dangerous with the afternoon rubber-soled shoes.

Three Years Required for Average Student to Find Job (St. Louis). Any new boy will tell you that this is wrong. Rutter had not been in the school three minutes before he was taking the flag in and putting away books in the library.

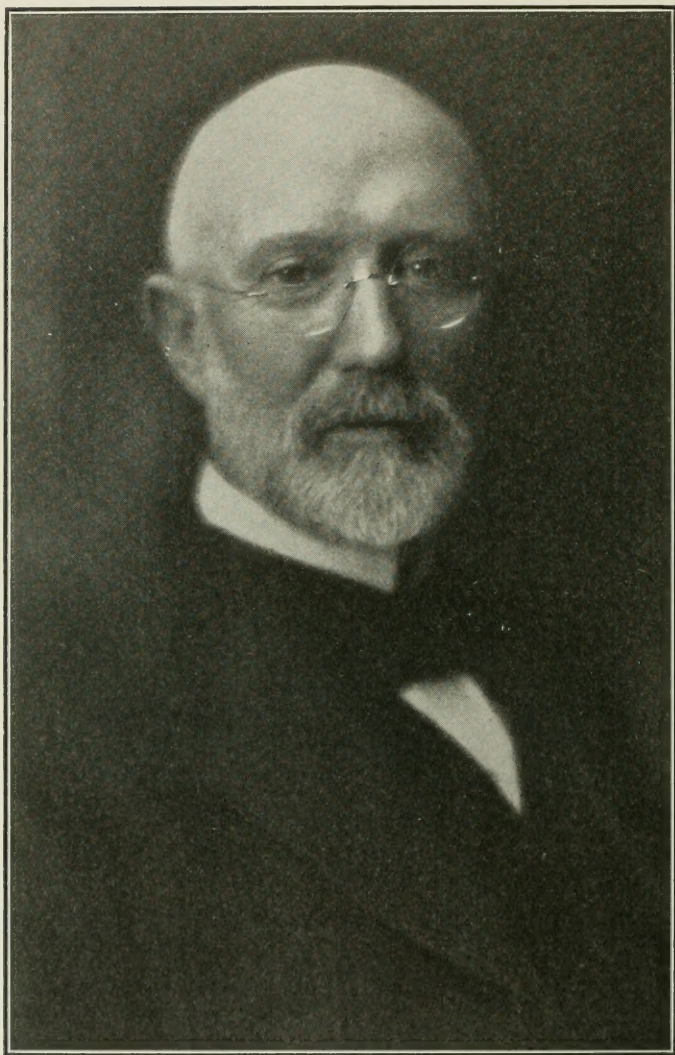

Chinese See War of Circles Developing (despatch from Hankow). There is nothing new in this. We have been at war with circles (and triangles, too) ever since we were in the Third Form.

HEAD PREFECT

J. F. MACDONALD I ("John"). Macdonald is completing his third year at St. Andrew's. He has entered every phase of the school life with great enthusiasm and leaves behind him an enviable record. He is one of the two four-colour men in the school,—football, hockey, cricket, basketball. He is hockey captain, basketball captain, captain of the cadet corps, heavy-weight boxing champion, president of the Literary Society, and a vice-president of the Athletic Association. He is taking Medicine at McGill next year, and we wish him good luck.

G.J.C.

SIR JOSEPH FLAVELLE, Bart.

Sir Joseph Flavelle, Bart.

Copy of a letter from the Staff of the School to Sir Joseph Flavelle:

May 30th, 1938.

Dear Sir Joseph:

The Staff of St. Andrew's have learned with regret that you have retired from the Board of the College of which you have been Chairman and Member for so many years. In saying farewell may we be permitted to express our gratitude for the interest you have always taken in the School and to recall the fact that your generous gifts have provided the greater part of the buildings and equipment which have placed the School in an enviable position among similar educational institutions. Flavelle House, Macdonald House and the Memorial Chapel will always remain as tangible evidence of an interest in boys and an understanding of the problems of education which will bear fruit so long as St. Andrew's continues to exist. The daily service in the Chapel has become an invaluable and highly cherished part of the School life. In the encouragement which you have given to Manual Training, and the formation of the Ladies' Guild, in your frequent presence at School functions, in the sympathetic consideration you have given to problems of administration, and in many other ways, you have given encouragement to the School and have guided its destinies through a very difficult period. The Staff feel that they cannot permit this occasion to pass without putting in words their lively appreciation of all that you have done for us.

Yours faithfully,

The following Resolution was passed by the Board at the meeting held on May 27th, 1938, when Sir Joseph's resignation was accepted:

"The Board of Governors of St. Andrew's College in accepting the resignation of Sir Joseph Flavelle, Bart., as Chairman of the Board, desire to place on record their great regret at his retirement from the position he has so ably and acceptably filled since February 11th, 1924. Having joined the Board on the formation of the present trust in 1911, Sir Joseph was one of the original Governors of the Corporation of St. Andrew's College, which at that time by special Act of the Legislature replaced the original St. Andrew's College Company, Limited.

"On February 11th, 1924, he accepted the Chairmanship of the Board during a crisis in the history of the School, and St. Andrew's owes much

to his wise and sympathetic counsel and guidance during the intervening span of more than fourteen years. His untiring interest in the work of the School, and his unfailing presence at all functions, has given much encouragement to the Headmaster, Masters and Boys during the long term of his office.

"To the noble generosity of Sir Joseph Flavelle in the erection of Flavelle House, Macdonald House and the Chapel, and in his generous assistance at a time of financial crisis the School owes more than can adequately be expressed. With the example of such benefactions and public service before them, it is hoped that all generations of Andreans will guard and maintain the School as an institution where boys are led to fear God and honour the King."

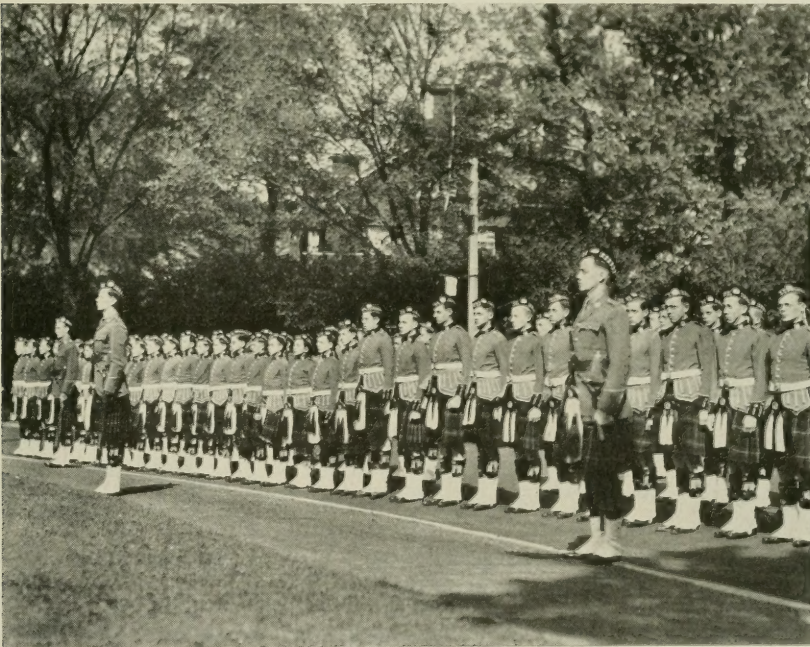

SCHOOL NEWS

THE CHURCH PARADE

On Sunday, May 22nd, the College Cadet Corps held its annual Church Parade and Old Boys' Service at the Westminster Central Church. The corps assembled in Sir Joseph Flavelle's spacious grounds, marched past the residence as Sir Joseph took the salute, and drew up in front of the 48th Highlander Cenotaph in Queen's Park. Here the captain of the corps, J. F. Macdonald, placed a wreath on the cenotaph and "The Last Post", "The Lament" and "The Réveillé" were played. From the Cenotaph the corps marched smartly to the church, where Mr. Ketchum read the lesson and the Reverend W. H. Sedgewick, D.D., delivered an appropriate sermon—"Playing the Game". Many Old Boys and friends of the school were present. After the sermon the corps marched to Rosedale Park where they were dismissed.

HOLLINGER II.

In front of the 48th Highlanders War Memorial, May 22nd, 1938

CHAPEL NOTES

It is not too much to say that the Chapel is playing an increasingly important part in our lives at St. Andrew's. We realized this when, shortly before Easter, we found ourselves uncommonly glad to return to the Chapel for the morning services after a long winter during which week-day prayers were held in the Assembly Hall. The Sunday evening services, too, have been full of inspiration, the singing has been good, and some of the sermons and addresses we shall not easily forget.

The annual Carol Service, held on the last Sunday evening before the Christmas holidays, was more of a success than ever, and the largest number of visitors ever to attend Chapel came up for the occasion. In spite of the placing of nearly a hundred chairs in the aisles and elsewhere to supplement the pews on the north side, all of which were reserved solely for visitors, many were forced to remain in the vestibule for lack of room. The singing throughout was excellent, and the Chapel was beautifully decorated with evergreens. Mr. Tudball again read the Scripture passages. After the service the visitors were entertained in the Headmaster's house.

The singing in general at the regular services has improved since Christmas. A number of new tunes have been learned, and a recent innovation has been the antiphonal singing of the Magnificat with several verses sung by Cantors and Trebles in three part harmony. At the final evening service on the last Sunday of the year, when the Headmaster will speak, the musical part of the service will include the School hymn, Sir Hubert Parry's fine setting of William Blake's "Jerusalem", the special hymn for the end of the school year set to an old Dutch tune, the Magnificat, and the Nunc Dimittis sung as a vesper.

We are greatly indebted to the several visitors who have addressed us in Chapel since Christmas. Covering a wide range, their addresses have not only been a great source of inspiration to us, but have also served to keep us in touch with great movements outside the sphere of boarding school. In addition to the Headmaster, Dr. Robinson, Mr. Fleming, Mr. Tudball and Mr. Griffiths, the following visitors were good enough to speak to us on the dates shown:

January 30th—The Rev. J. F. Davidson, M.A., of Upper Canada College.

February 6th—Professor N. A. M. Mackenzie, of the Department of International Law, University of Toronto.

February 20th—The Rt. Rev. A. R. Beverley, Suffragan Bishop of the Diocese of Toronto.

March 6th—The Rev. G. F. Kingston, Professor of Ethics in Trinity College. Dr. Kingston kindly took the place of Provost Cosgrave who was unfortunately unable to keep his appointment because of illness.

- March 20th—The Rev. J. E. Munro, of Old St. Andrew's Church, Toronto.
March 27th—Professor J. D. Ketchum, of the Department of Psychology, University of Toronto.
April 3rd—The Rev. J. B. Paulin, an old Master of the School, now Minister of Rosedale Presbyterian Church, Toronto.
April 10th—The Rev. E. J. Thompson, of the Aurora United Church.
May 1st—The Rev. W. H. Sedgewick, of Westminster-Central Church, Toronto.
May 8th—The Rev. R. J. Wilson, of College Street United Church, Toronto.
May 15th—The Rev. K. H. Cousland, an old Master of the School, now Professor in Victoria College.
June 5th—The Rev. D. Bruce Macdonald, the new Chairman of the Board.
June 12th—The Rev. C. J. Frank, of Holy Trinity Church, Toronto.

ST. ANDREW'S COLLEGE CADET CORPS

ADVANCE training began in the Winter Term with a class for officers and N.C.O.'s, and a weekly band practice. Q.M.S.M. Instructor Huggett took the N.C.O. class nearly every night between dinner and study for two or three weeks; MacKerrow and Maher of the 48th Highlanders trained the pipers and drummers respectively. The band was the best we have had in years.

Early in the Summer Term the following were appointed officers and N.C.O.'s: Company Commander Macdonald I; Platoon Commanders,

Seaton I and Rogers; O.C. Band, Christie; Company Sergeant-Major, Archibald; Company Q.M.S., Hollinger II; Platoon Sergeants, Kent and Bonnell; Pipe Sergeant, MacIntosh I; Drum Sergeant, O'Brian I; Corporals, Allespach I, Grass, Macdonald II, Sisman and Macorra (stores).

Drill was carried out every morning between flat-inspection and chapel from the opening of the Summer Term until inspection day on May 25th. For the last week we had Sgt. Lewis of the R.C.R. as instructor. Macdonald took hold of his company, and really knew his work. The fact that all the officers and all the N.C.O.'s were new appointments, with nobody excepting Seaton having had even one stripe last year, threw up to the officers a difficult task which they carried out well.

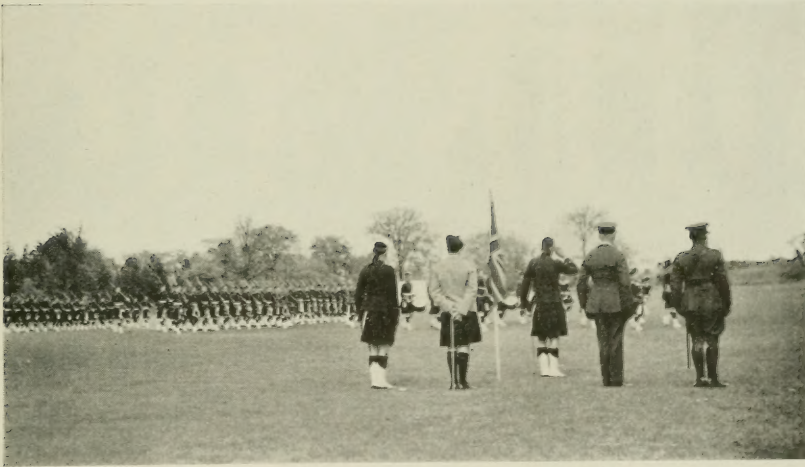

Stop all traffic! Macdonald leads his men across Bloor and Yonge.

The two highspots of the season's training were the Toronto Church Parade, which is reported elsewhere, and the Annual Inspection. The latter was held on the Lower Field on May 25th in perfect weather. Lt.-Col. G. Alexander, M.C., officer commanding the 48th Highlanders, his Adjutant, Capt. Ganong (an old S.A.C. boy), and Major Phillips, M.C., Staff Officer from the Military District reviewed the corps which paraded 110 all ranks. The usual ceremonial drill was carried out with precision and confidence, and as far as company drill and movements, arms drill, and marching were concerned, bespoke a great deal of hard, serious work. Number Two Platoon commanded by Rogers and having as N.C.O.'s Bonnell, Sisman and Macdonald II, was awarded the Cup for the best Platoon. We congratulate Rogers and his other ranks. Col. Alexander complimented the corps on its steadiness and smart efficiency. Whether

his kindness outran his accuracy we don't know, but at any rate the School appreciates the giving up of his time, and the interest he shows; he is a great inspiration to us.

With the afternoon shadow beginning to crawl across the quad, we had our pictures taken, and then put on a "no-formation" attack on the Tuck-shop, thanks to the generosity of the Headmaster.

In spite of the monotony of morning parades (it seemed so sometimes), in spite of standing motionless for minutes that seemed longer, we were rather sorry to turn in the old kilt and sporran and Glengarry to Hollinger in the stores. "Cadet Corps" is a very definite part of the school life. For this year—"Dismiss!"

The March Past, 1938.

PREFECTS

Left to Right—E. D. Bonnell, J. A. O'Brian, J. F. Macdonald, Kenneth Ketchum, Esq.,
G. J. Christie, K. E. Rogers.

THE PREFECTS

Those of us who are on the REVIEW Staff, and are not prefects, want to record one opinion we have for 1937-8: *The Prefects did a good job.*

UPPER SIXTH

First Row—Left to Right—E. D. Bonnell, K. E. Rogers, J. F. Macdonald, Dr. P. J. Robinson, G. J. Christie, H. E. Archibald, M. G. Kent.
Second Row—Left to Right—A. S. Cockfield, W. D. Knight, W. T. Hollinger, R. M. Doggett, H. B. F. Connacher, R. A. Merner, J. A. O'Brian, J. C. Macorra, D. G. Macrae.

UPPER SIXTH PERSONNEL

BONNELL (Ralph). A prefect, three years S.A.C., first football and hockey colours, active cricketer and super middle distance runner. Is undecided what course to take, but intends to grace Queen's with his diminutive presence. He is sixteen, and we'd like him back.

CHRISTIE (Chris). Prefect. Eight years S.A.C. Captain cricket team, first football, vice-president Literary Society, fencing champion, good boxer. Always keen and full of school spirit. Entering the business world in Toronto, and if spirit counts will go far.

O'BRIAN (Jimmie). Another prefect. One of two four-colour men in the school,—football, hockey, cricket, swimming. Won the ski race. Holds tank record for the back stroke. Secretary Literary Society, secretary Athletic Association. Is usually first in his class. Recommended in all subjects. Has earned a scholarship at Princeton where he intends to take an Arts course.

ROGERS (Buck). Prefect in his fourth year S.A.C. Will be missed. First football, good boxer, captain Second Hockey and Second Cricket, Editor of the REVIEW. Medicine at Toronto.

ARCHIBALD (Archie). Andean six years, first cricket colours, strong second football, cadet corps Sergeant-Major, head librarian, great worker. Is headed for Civil Engineering at Toronto University.

COCKFIELD (Stu), Montreal. Successful two years at school. Librarian, basketball, kicked well for third football, second hockey. Leaves us for McGill Arts. Bonne chance.

CONNACHER (Petah). Three years S.A.C. Librarian. Whiz at tennis, English and History. Our sole representative from Jamaica. Could be a good cricketer. Is thinking of Arts at U. of T., but we hope he comes back to grow two more inches.

DOGGETT. One of two Upper Sixth new boys. Best flag-putter-upper. Keen and good at his studies. Tried everything hard. Chemical Engineering at Toronto.

HOLLINGER II (Lou). Our heavy red-haired anchor from the north (Pembroke). First football, second hockey, plays cricket hard, cadet corps quarter-master. Keen rifle shot. We want him back. Has eyes on McGill engineering. Football scouts please note: here is a line man.

KENT (Grunt). Five years S.A.C. First football, cricket, swimming, second basketball. Hard worker and gets by. Capable sergeant in Cadet Corps. Toronto University. Oh! Marty, how we'll miss you.

KNIGHT (Fuzz). Completing two years hard labour. Elongated room-mate of Hollinger II. Quiet trier. First basketball (good), second cricket and football. U. of T.

MACRAE (Mac). Second new boy of Upper Sixth. Triple Colour,—football, hockey, cricket. Senior champ track and field. Good in his studies, into everything. Gent. Entering investment business in Toronto.

MERNER (Moo). Gentleman of five years' standing and now one of two day boys (six-day bike riders). One of the school's fastest swimmers. Always cheery and bright. U. of T. Commerce and Finance.

MACORRA. José de la Macorra (Joe Charlie). Our leetle fellow from Mexico City leaves us after two quiet years. Our Latin aristocrat. Tried nearly everything hard. Going to Massachusetts Institute of Technology. Adios. Come back.

THE SCHOOL DANCE

AS usual, weeks before the date of Cadet Corps Dance was even announced, boys were excitedly worried over only one thing—the DANCE.

“Who are you bringing? From Toronto?”

“Don’t know her!”

“Trade a dance with me?”

“Whose orchestra?”

And so on. Finally the day before arrived. The dance committee began to scamper about. Step-ladders, decorations, new-boys and prefects moved madly about the dining-room. Out went the tables and chairs. Up went the red and white decorations. The orchestra’s platform was moved into place. At last only the balloons to be blown up by the guards remained. Poor guards!

Towards nine o’clock the orchestra began “to beat it out” and the long-heralded event commenced. Couple after couple filed into the dining-room. Mr. Ketchum, his wife, and Captain J. F. Macdonald received the guests, among whom were the officers of the Upper Canada Cadet Corps. Dancing continued until eleven-thirty, when supper, prepared by Miss Robertson and her staff, was served. By now it was evident that everyone was enjoying the best School dance in many years. Dancing re-commenced and continued until one-thirty.

K.E.R.

PUBLIC SPEAKING

THE interest taken in Public Speaking this year has been exceptionally keen. The subjects of the speeches were not always well-chosen, the style was often rough and unpolished, but in the delivery there was a force and vigour which reflected the general tone of the School. This interest did not confine itself to set speeches. It overflowed into the sessions of the Literary Society. A quite unprecedented number of boys leapt to their feet to take impromptu parts in the debate on the desirability of a political union between the British Empire and the United States. The opinions expressed in this debate showed much sincerity and conviction and there was a delightful absence of any attempt to talk for talk’s sake. No one could hear this debate without realizing that Public Speaking had taken a deep root in the life of the School.

Many parents and friends of St. Andrew’s have already expressed their satisfaction with this important activity and rumour now has it that Mr.

Rankine Nesbitt is to present St. Andrew's shortly with a Silver Cup, which will be awarded to the winner of an Extemporaneous Speaking Contest to be held annually. This is a welcome piece of news. Prizes are an unfailing stimulus and this one should help greatly to foster what is one of the most difficult but also one of the most useful of social accomplishments.

The boys who spoke this year and the subjects of their speeches were:

- Ankenmann—*Submarine Cables.*
 Archibald—*The School Library.*
 Bonnell—*Marijuana.*
 Christie—*St. Andrew's College, a Canadian Institution.*
 Connacher—*Walt Disney.*
 Davison—*Lloyds of London.*
 Doggett—*Victoria Falls.*
 Farrer—*The Early History of Yonge St.*
 Gordon—*The Halifax Explosion.*
 Hollinger I—*Robert Louis Stevenson.*
 Kent—*Synthetic Living in Germany.*
 Kilpatrick I—*Gliding and Soaring.*
 Kinley—*New Bones for Old.*
 Knight—*The Coulee Dam.*
 Macdonald I—*A Summer in a French-Canadian Lumber-camp.*
 Macdonald II—*Westpoint.*
 Macorra—*Mexico, its History and People.*
 Macrae—*The First Broadcast.*
 McCormick—*A Comparison of Hitler and Mussolini.*
 Merner—*Bronchotomy.*
 O'Brian I—*Impressions of an English School.*
 Reid—*Calcium Carbide.*
 Rogers—*Madame Curie.*
 Senior—*Animal Life in Africa.*
 Sheppard—*The Struggle for Aerial Trade Routes.*
 Sisman—*The World's Fair of 1940.*
 Thompson—*The Olympic Games.*
 Wilson—*The Injustice and Brutality of Lynching.*

The following boys spoke on the resolution that the Literary Society desires a political union between the United States and the British Empire:

For the Affirmative

Cockfield
 Hollinger II
 Mitchell I

For the Negative

MacIntosh I
 Morlock
 Wadds
 W. B. Ross, Esq.

LIBRARIANS

*Left to Right—A. S. Cockfield, H. E. Archibald, W. B. Ross, Esq., D. B. Kilpatrick,
G. C. Morlock.*

LIBRARY NOTES

The Library has finished a highly successful year with several important additions. We were the fortunate recipients of the latest edition of "Encyclopedia Britannica", for which we are greatly indebted to the Ladies' Guild. Many individual members of the Guild also gave to our shelves a large number of interesting books. Another valuable gift was that of the "Complete Oxford Dictionary" donated by Moffat Dunlap, Esq. Many excellent magazines and papers were supplied by the Masters and their wives, friends of the School, and the boys themselves, and were thoroughly enjoyed by everyone.

H. ARCHIBALD.

LITERARY SOCIETY

Staff-adviser, Mr. W. B. Ross; President, J. F. MacDonald I; Vice-President, J. G. Christie; Secretary, J. A. O'Brien; Memorial House Representatives, Kilpatrick I, MacIntosh I; Flavelle House Representatives, Bonnell, MacIntosh II; MacDonald House Representatives, Cody, Kilpatrick II.

In the first place it should be made clear that the Literary Society at St. Andrew's fills the place of a Dramatic Society, a Debating Society, and a Musical Society, besides being a Literary Society. Its programme each year consists of a play and a debate, a musical evening or two, and anything else for which there is talent in the school. Friday nights are commandeered as "Lit. nights", and the activities continue throughout the winter term.

On January 14th the first meeting was held. As there had been no time to arrange anything, the Society resorted to calling upon new boys for short impromptu speeches. Many of these were remarkably good, and

**LITERARY SOCIETY**

Front Row—Left to Right—D. G. K. MacIntosh, J. A. O'Brien (Secretary), J. F. Macdonald (President), W. B. Ross, Esq., G. J. Christie (Vice-pres.), E. D. Bonnell, D. B. Kilpatrick.

Back Row—Left to Right—J. R. M. Kilpatrick, H. J. Cody, C. D. MacIntosh.

great hopes are held out for the Literary Society in future years.

Mr. Aemilius Jarvis was secured as guest speaker on January 21st, and gave a very interesting talk on early days in the surrounding country and his sailing experiences.

The following Friday Kilpatrick I and O'Brian I gave short speeches and the evening was capped off with a shadow play—an old friend back in our midst after a year or two's absence.

On the night of February fourth a debate was held. The subject was "Resolved that the Literary Society would welcome a political union between the United States and the British Empire." The affirmative, Hollinger II (leader), Cockfield, and Mitchell won a well-earned victory over the negative, Morlock (leader), MacIntosh I, and Wadds. Everyone supported the debate wholeheartedly from the floor, and some even got up after the regular speeches were over, and brought up points in favour of one side or the other.

Mr. MacLaren, Ken MacLaren's father, arranged for us to have some moving pictures on the next Friday night. Of course these were a great success and our most sincere thanks are due to Mr. MacLaren.

Lower School night was on March 4th. Two remarkably well executed plays were produced this year under the direction of Mr. Ives. They were "The Invisible Duke" (Kilpatrick II, Hampson II, Booth, Stapells, Franceschini, Diver III), and "The Devil Among the Skins" (Graham, Sabiston, Hastings, Moss).

Mr. Elie Spivak gave a violin recital, accompanied by Mrs. Boulding at the piano, on March 11th. His programme was not too stiff and enjoyed by all.

Instead of the final play this year we had two one-act plays. Mr. Ross spent much time on them and from the way they were received it was well worth it. They were "My Wife Comes to Dinner" (Macrae, Shields, and MacIntosh I), and "Sentence of Death" (Ankenmann, Christie, Conacher, Davison, Macorra, O'Brian I, Senior).

In the Spring Term the activities of the Literary Society were temporarily resumed when Commander de Marbois showed us moving pictures of his trip through Western Canada.

THE SECRETARY.

SHOOTING

Shooting this year was compressed into a short time, but while it lasted the bullets flew thick and fast. The reason for the time-pressure was that the late opening last fall threw cadet corps training ahead to

the summer term, and shooting had to be completed between the end of hockey and the beginning of the Easter exams.

Thirty-nine boys fired various numbers of targets, running up to as many as twenty-five, between March 15th and April 7th, banging off an average of 350 rounds a day.

The prize-winners were Seaton, Sheppard, Davis, Hollinger II and Kent. Davison, Hollinger I and Thomson made some excellent targets, but wobbled off a little in the special events.

Seaton's aggregate of 489 for five targets, including a possible, was highly commendable. His 98 topped Sheppard by 2 and Davis by 3 for the *48th Highlanders I.O.D.E. Rifle*, but as he won one before, he generously established a precedent by relinquishing his claim in favour of Sheppard, a new boy, whom we must congratulate on his steady marksmanship. The *Strathcona Medal* was awarded to Seaton on his aggregate record; Seaton is undoubtedly the best shot in the school. Davis and Hollinger II tied for the *Christie Cup* for the aggregate of five best targets, ranking next to the Strathcona Medal, which is recognized across the Dominion. The examinations precluded shooting off the tie, and on the record of their other targets shot, the *Christie Cup* was awarded to Hollinger II. Davis won the *Lawrence Crowe Cup* and Kent the *Gordon Thorley Medal*.

This year it was found difficult to obtain targets with round bulls for use with the double-ring sights with which Mr. Dowden wisely equipped the rifles last year. While the "post" foresight may more nearly resemble the service rifle, I think most competitors get greater small-bore accuracy with the ring, and next year we shall lay our shooting programme towards the "full bull" targets.

Next year's shooting should produce some keen and high-class competition. Close on the heels of the top-scorers, several keen shots are coming up. Cobban, Doggett, Goodeve, Johnson I, Orgill, Rolph and Senior show much promise.

Shooting demands seriousness and concentration. It is a means of expression for many a boy. Besides the fact that it is always fun trying to hit something, there is in shooting a national element. No nation is going to pick a fight with Canada in a hurry if Canadians can all shoot straight. Moreover, the pacifists may like to know that the more a person knows about a rifle, the less anxious is he going to be to put himself in front of one. However that may be, I feel that those boys who shot this spring have cured themselves of "gun-ignorance", the cause of most accidents.

It was a great pleasure to be associated with so many keen marksmen "down under" Dunlap Hall. I hope that next year we shoot even better targets in bigger numbers.

G. S. O'BRIAN

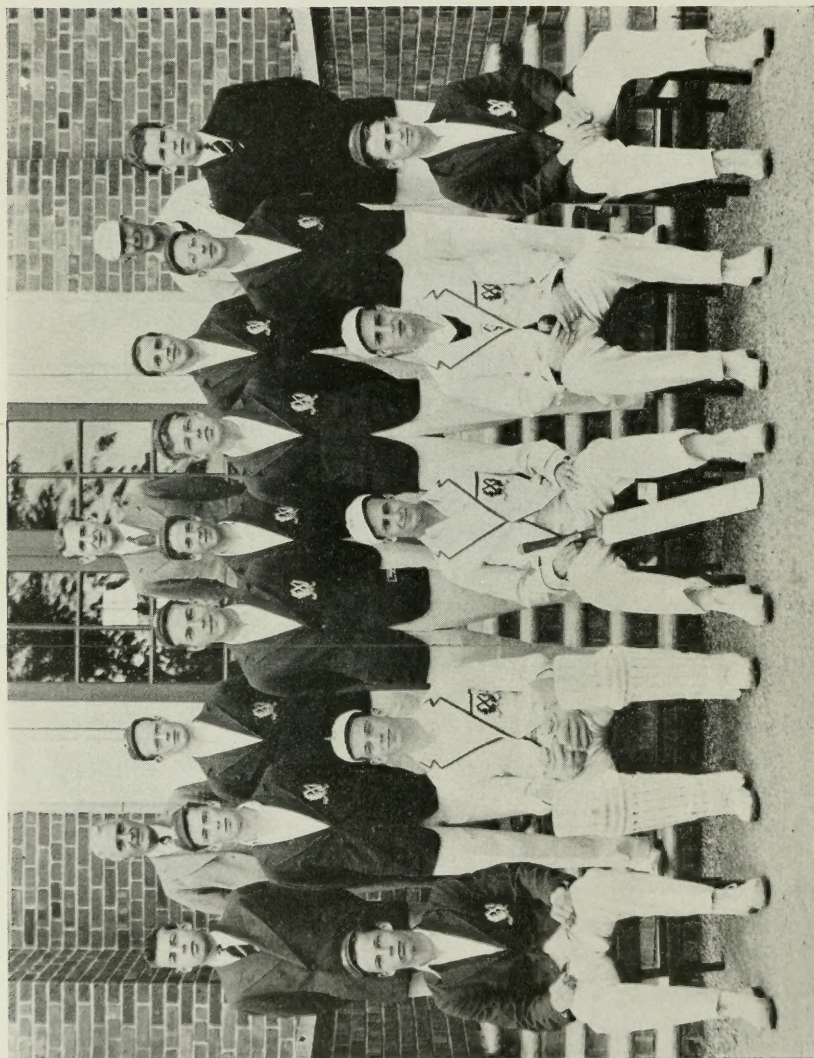

REVIEW STAFF

Front Row—Left to Right—D. I. A. Thomson, H. E. Archibald, K. E. Rogers,
G. S. O'Brien, Esq., J. A. O'Brien, J. F. Macdonald, D. B. Kilpatrick.
Back Row—Left to Right—J. R. M. Kilpatrick, J. F. Macdonald, M. G. Kent,
J. A. Farrer, M. T. Wilson, J. G. McClelland, G. C. Morlock.

It was with much regret that the REVIEW staff learned that Mr. O'Brien who is going to the Lower School, will not be able to continue in his position as staff adviser. No one except the REVIEW staff can possibly realize how vital Mr. O'Brien has been to the REVIEW, since he assumed his position. He spared no effort to make every issue a success. His car was available for the advertising representatives. He gave many valuable suggestions and spent much of his time aiding in every department. The editor feels sure that he is only voicing the true sentiments of this year's and former staffs when he expresses the sincerest thanks to Mr. O'Brien.

This year the entire staff has co-operated well. The result has been that the work of preparing the REVIEW has been evenly spread amongst everyone. It should not be, as it nearly has been at times in the past, a job for one person. It should be prepared by the boys, for the boys.

K.E.R.

FIRST CRICKET ELEVEN

First Row—Left to Right—M. G. Kent, J. F. Macdonald, G. J. Christie, J. D. Seaton, D. M. McClelland.
Second Row—Left to Right—D. G. Macrae, H. E. Archibald, J. A. O'Brian, D. B. Kilpatrick.
Third Row—Left to Right—R. D. Ankenmann, W. N. McCormick, C. R. A. Senior, R. M. Broome, R. W. Wadds.
Fourth Row—Left to Right—H. E. Goodman, Esquire, Kenneth Ketchum, Esquire, H. Davis (Coach).

CRICKET

It is difficult to say much. The first team had three old colours back, suffered from a short practice season owing to the wet ground, and seemed to develop nerves at the wrong time. Batting success must be ninety per cent. psychology. Otherwise how can one account for the team making (1) seventy-seven against Ridley's very good bowling, (2) twenty-two against T.C.S.'s fairly good bowling in one innings, (3) over a hundred for six down in the next innings against the same bowling? The Upper Canada game showed some improvement in the school's cricket. But we think it's high time we won more games; we're getting to be very good losers.

We're proud of our Lower School cricket and hope that as the young guard grows up through the school they will carry their victorious ways with them. The Under Seventeens were raw at first, but improved and did well. Maybe the first squad is perpetually stage-struck by the big oval.

We refuse to be down-hearted, however. The teams all fought hard in the field and every player gave everything he had on every team. We take off our hats to Captain Christie and his firsts, win, lose or draw.

1ST TEAM AGAINST GRACE CHURCH C.C.

The opening game of the 1st team season was played against Grace Church Cricket Club at the school on Saturday, May 7th. The good time enjoyed by the boys the previous evening at the Cadet Corps Dance did not improve their ability as cricketers. Everyone tried hard, but the team went down to defeat. Manton, the Grace Church captain, displayed a good eye at bat to score 25, not out. Kilpatrick I bowled well, narrowly missing a hat-trick. Kent was high scorer for the school. Final score—Grace Church, 41 for 6; St. Andrew's, 32.

Grace Church—Knights, L. Manton, Wilson, McLachlan, Tovell, Melville, Boeckh, Pengeley, Hussey, Hancock, R. Manton.

S.A.C.—Kilpatrick I, O'Brian, Macrae, Christie, Seaton, McClelland, Kent, Kilmer, Senior, Broome, McDonald I.

S.A.C. VS. TORONTO CRICKET CLUB

On May 21st the Toronto Cricket Club played S.A.C. here and won by a score of 81 for 5 wickets to our 68.

T. T. Taylor for the visitors made high score of 33. Other Toronto Club double figures were D. Mills 13, and Gunn 10.

For St. Andrew's, McClelland I made 16, Christie 13, Kent 10. McLean and Nobleston of the Cricket Club each got two of our wickets, sharing the bowling with Mills, Bennett and Peter Rae. Bowling for St. Andrew's, Macrae took two wickets, Christie, Kilpatrick and O'Brian one each.

The Cricket Club had had a dance the night before; perhaps that is why two of them were run out.

OLD BOYS' GAME

The Old Boys fielded a strong XI at the school on the 24th of May, and scored 134 runs for 8 wickets against the school's 79. McLean's 51 not out, was the feature of the day. Having played himself in for an over or two, he alternated judicious care and smashing abandon, piling up his score quickly, and knocking 3 fours and a 6. Hewitt, Kilgour, Rae and King carried the major part of the scoring duty.

Hewitt, c. Macdonald, b. Christie	17
Rae, c. Macrae, b. Kilpatrick	15
G. Percival, b. Christie	3
Fisher, b. Kilpatrick	6
Hannam, b. Kilpatrick	2
James, b. Kilpatrick	2
Hume, l.b.w., b. Christie	1
McLean, not out	51
Kilgour, c. Seaton, b. O'Brian	17
King, not out	16
Edwards, did not bat	
	<hr/>
	130
Extras	4
	<hr/>
	134

The school played steadily, several making double figures—Christie and Kent 11 each. Percival, however, took 6 of our wickets and Edwards and McLean 2 each. Although the Old Boys were generous in declaring early enough to give us a fighting chance, we were unable to overtake their lead.

RIDLEY COLLEGE GAME

On Wednesday, June 1st, the First Eleven went to St. Catharines to Meet Ridley in the first Little Big Four match of the season. This year the game was won by Ridley. Favoured by fine weather, Ridley, having won the toss, elected to bat first. Ridley retired at three o'clock with only five wickets falling for 246 runs. The School Eleven batted valiantly against very fine bowling, by Sweeney in particular, and were retired for 70 runs.

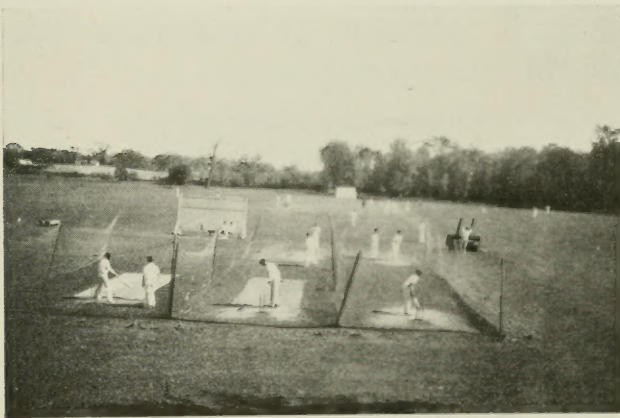

For Ridley, E. G. Gibbons (Capt.), turned in the best score of 66. Langley made 54. Ashburner 41, and Sweeney 39.

For St. Andrew's, Archibald was high scorer with a total of 22. O'Brian I played a steady game at bat to score 19. The team was a little nervous in the first Little Big Four game and we hope will no doubt run more smoothly in the latter part of the season.

THE T.C.S. GAME

T.C.S. came here on Wednesday, June 8th. We won the toss and went in to bat about eleven o'clock; we didn't stay long. Our wickets began falling with disastrous speed, and before lunch our side was all out for 22 runs, with 5 wickets credited to Finley, 4 to Hayes.

T.C.S. knocked up 99 all out before four o'clock,—Seagram 32, Peacock 20, Mood 14, and Irwin 11.

The First Squad Nets.

In our second innings we pulled up, and batted 109 for 7 wickets, declaring a little after 5.30 p.m. Nobody went out for a duck, and runs were hit fairly fast. Some scores were: Seaton 29, Kent 21, O'Brian 14, Christie 11, Archibald 10. We faced the impossible task of dismissing the whole T.C.S. side for 32 runs in fifty minutes. The visitors went in to bat, and playing rather deliberately, scored 23 with 2 wickets down when the time came to draw stumps.

THE U.C.C. GAME

On Saturday, June 11th, the 1st team played the last game of the season at Aurora. The School fielded first. The U.C.C. wickets fell fairly quickly but not before each man had contributed to the scoring. Douglas and Turnbull were high men for U.C.C. with 28 runs each. Christie and Seaton shared high scoring honours for the School. O'Brian I, who opened the batting with Seaton, unfortunately retired when he thought that he had been bowled by Douglas, the ball having bounced from Turnbull's pads into the wickets. By three o'clock we had retired U.C.C. for a total of 141 runs. The team went to bat and against the bowling of Douglas and Wright were able to amass only 49 runs.

SECOND TEAM CRICKET

Very few schools produce a real Second Eleven. It usually falls between the first team and a good third team. We have always felt that our seconds could be made into a really good team; somehow they attain only mediocrity. It is probably the exams. Cricket, however, is cricket and fun is fun. There is another game yet to be played, and the Seconds stand a good chance. MacIntosh I bowled excellently. Rogers made a good Captain. We record one or two games.

SECOND TEAM AT LAKEFIELD

On Saturday, June 4th, the second team played its first game of the season at Lakefield against the Lakefield firsts. After winning the toss, Lakefield fielded first and retired the school with a total of eighteen runs. Lakefield scored a total of 110 runs before the last wicket fell. A second innings was started but the rain which had been falling for the greater part of the afternoon made it impossible to continue. Harris, for Lakefield, was the leading batsman, scoring 44 runs before being bowled by Kilmer. The best all-around performance for St. Andrew's was Diver II, who scored eleven runs and played a consistently good game at the wickets.

SECOND TEAM AT APPLEBY FIRSTS

With the recommendation exams over and little else to worry about the second team journeyed to Oakville to be guests of the Appleby first team. Our hosts, however, forgot themselves on two occasions. The first was when they scored 55 runs, and the second was when they retired our side for 33. McBride, for Appleby, scored 20 before he was bowled by Senior. McIntosh I bowled well for us, having 6 maiden and 3 wicket overs out of a total of 14.

Appleby 1st—Lloyd, Walker, Hyndman, Wilson, Mesay, McBride, Munn, Leitch, Beardmore, Marlatt, Knox.

S.A.C.—MacIntosh I, Bonnell, Hollinger II, Sisman, Allespach I, Rogers, Knight, Senior, Grass, Reid, McDonald II.

SECOND TEAM VS. LAKEFIELD FIRSTS

The Second Team's return game with Lakefield 1st team was played at Aurora on June 11th. Rogers won the toss and the School fielded first. MacIntosh I and Senior bowled the entire game. All the Lakefield wickets fell for 52 runs. The School went to bat and despite steady playing were unable to score many runs. The last wicket fell for a total of 19 runs. Cuckmore with 17 runs was high scorer for Lakefield. MacIntosh I was high man for the School with 7 runs. The fielding by the 2nd team was very good in this game. Nine Lakefield men were caught out. Stewart the Lakefield captain, bowled well, having six maiden and four wicket overs out of a total of fifteen. We feel we tried something difficult when we tried to take on the 1st team of an old cricketing school like Lakefield.

Lakefield—Harris, Warren, Morley, Stewart, Dobbin, Simpson, Cuckmore, Rose, Langmuir, Pease, McLean.

S.A.C.—Bonnell, Sisman, McIntosh I, Rogers, Hollinger II, Fraser, Senior, Knight, Grass, McDonald II, Allespach I.

UNDER 17 CRICKET

Mr. Smith and Capt. Diver had a job on their hands at the beginning of the season with a squad of inexperienced players. They improved, but usually met real cricketers who put up strong opposition. If keenness and the ability to improve go for anything, this squad is all right, and will swing its weight next year.

UNDER 17 AT RIDLEY

On May 21st the Under 17's opened their season by scoring a close win over Ridley third team. The Ridley team went down to defeat in spite of the inspired playing of McCrae, who took six wickets, caught one out, and scored five of his team's 32 runs. Heintzman bowled well, taking

four wickets for seven runs. Thompson I was high scorer with 12.

Ridley—Wright, Mandeville, Bennett, Walker, Frith, McCrae, Shepard, Shanks, Snively, Sedquick, Roe.

St. Andrew's—Cobban, Hampson I, Kilmer, Diver II, McLaren, McPherson, Heintzman, Davis, Diver I, Thompson I, Wilson.

UNDER SEVENTEEN CRICKET

Front Row—Left to Right—D. I. A. Thomson, W. M. McPherson, V. J. Diver, J. E. Kilmer, M. T. Wilson.

Second Row—Left to Right—W. A. Cobban, F. A. Diver, K. F. McLaren, C. H. Heintzman, J. E. Davis, D. E. J. Hampson, B. S. Ellis.

Third Row—Left to Right—G. W. Smith, Esq., W. J. Shields, L. G. Hampson, R. H. Rolph, D. S. Garraway.

UNDER 17's AT T.C.S. LITTLESIDES

On June 1st we suffered our second defeat at the hands of the T.C.S. third team at T.C.S. Somerville led the T.C.S. attack, taking seven wickets and scoring thirty-nine runs to be high man. For St. Andrew's Kilmer and Wilson each took four wickets. Diver II played a good game at wickets and batted carefully to score eleven runs.

T.C.S.—Cleland, Hotton II, Duggan II, Somerville, Pachan, Earle, Roughie, Black, Redpath, Jones, Rogers.

S.A.C.—Hampson I, Cobban, Kilmer, Diver II, Ellis, Shields, Wilson, Thompson I, Heintzman, McPherson, McLaren.

RETURN UNDER 17 AGAINST RIDLEY

Our return game with Ridley was played on May 28th on our crease. This time it was Ridley who carried off the victory. McCrae turned in another fine performance of bowling, taking six of our wickets. Walker was Ridley's high scorer. Kilmer bowled a steady and brilliant game for S.A.C., having six maiden overs out of fourteen, besides taking eight wickets. Hampson I was high scorer for us. Final score—Ridley 40, St. Andrew's 27.

Ridley—Wright, Manderville, Bennett, Walker, Frith, McCrae, Shanks, Enos, Sedgewick, Snively, Wadson.

St. Andrew's—Cobban, Hampson I, Kilmer, Diver II, McLaren, Rolph, Heintzman, Ellis, Hampson II, Davis, Wilson.

SECOND T.C.S. GAME

T.C.S. went to bat first and knocked up a score of 51,—Somerville 21, Ridpath 16. S.A.C. started fairly well, but tailed off; Davis hit freely, but briefly, for 11, with Cobban and McPherson making next highest score for a total of 37. Rain prevented a second innings.

LAKEFIELD II's vs. S.A.C. U17's

On Saturday, June 11th, the Under Seventeens played the Lakefield Second Eleven at Aurora. Lakefield elected to field first, and McPherson and Cobban went in to open bat for St. Andrew's. Stumps were drawn for tea at 4.30, and the Under Seventeens retired with 109 runs for eight wickets. Davis with 19 runs, and Hampson and Wilson with 18 runs each were high scorers for S.A.C. Vaughan had five wickets to his credit for the Grove. After tea, Wood and Frewer, with 16 and 20 runs, respectively, were bowled by Kilmer. Wilson for S.A.C. bowled seven wickets for twenty-nine runs, and Lakefield were all out for sixty-two runs.

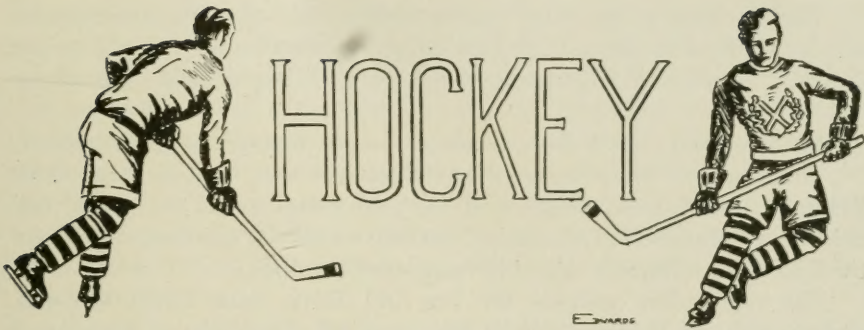

Lakefield—Carson, Christie, Frewer, Gunn, Foster, Wilkes, Wood, Roberts, Vaughan, Wishart, MacLaren.

St. Andrew's—Cobban, MacPherson, Kilmer, Diver I, Davis, Thomson, Shields, Wilson, Heintzman, Hampson II, Diver II.

FIRST HOCKEY TEAM

*First Row—Left to Right—W. N. McCormick, J. A. O'Brian, J. F. Macdonald,
 J. G. McClelland, D. M. McClelland.*
Second Row—Left to Right—J. E. Sisman, M. Langelier, J. F. Macdonald, E. D. Bonnell.
Third Row—Left to Right—G. W. Smith, Esq., B. W. Allespach, Kenneth Ketchum, Esq.

St. Andrew's had a great hockey season all through the school. The First Team was the best we have had in two or three years. The Seconds really produced a successful, ranking team. The Under Seventeens won nearly all their games. The Lower School produced an excellent First Team, and a hardworking if inexperienced Second Team.

Perhaps the greatest outdoor sport, however, was had by those who did not manage to fit into any of these teams, and who played in the dour Hieland league. Hockey was compulsory for all boys, but no compulsion was required.

No doubt the steady, cold weather produced this result. The fact, however, that hardly a boy was sick all winter (keep your fingers crossed boys), coupled with the leadership and keenness which infiltrated down through the school from Macdonald I's First Team,—aided nature in her work.

The First Team, happily and ably coached by Mr. Smith, played ten games against teams of better calibre than those we met last year. The most formidable of our opposition was Ridley; no doubt the Ridley boys would have been willing to play us even if they had had a bad team, for they were good fellows.

First Hockey Colours were awarded to: Macdonald I (Captain), Bonnell, Langelier, Macdonald II, McClelland I, McClelland II, McCormick, O'Brian I, Sisman.

OLD BOYS GAME

On Saturday, January 15, the annual Old Boys hockey game was held in Aurora. It was a great success, as both teams appeared to be fast and well organized. The game ended in a victory for the Old Boys, the score being nine to five.

The first goal of the game was scored by Kilgour, after five minutes of play in the first period. Following this, came two more goals for the Grads., Phibbs and Paul being the scorers. Then O'Brian scored for S.A.C.

In the second period the only goals were by Sisman and Macdonald I.

The third period was an eventful one, which kept the red light flashing. MacIntosh, Gordon, Rowell, McLean, and Paul scored one apiece, and Grass (S.A.C. goaler) turned traitor by pushing one in for the Old Boys. Shields and O'Brian scored for S.A.C.

The outstanding players for the Old Boys were Paul, McLean, Armstrong, and Hannam; while Macdonald I, Langelier, O'Brian, and Macdonald II seemed to lead S.A.C.

Ross Paul's playing is still an inspiration to us all.

The line ups were:

For the Old Boys: Goal, Hannam; defence, Phibbs, Paul, and Percival; centre, Armstrong, MacIntosh, Auld; wings, McLean, Kilgour, Gordon, Rowell, Thompson, Kennedy.

For St. Andrew's: Goal, McClelland II and Grass; defence, Macdonald I, Langlier, Rogers; centre, Macdonald II, Shields, Macrae; wings, O'Brian, Bonnell, Christie, McCormick, Sisman, McClelland I.

THE FIRST PICKERING GAME

On Wednesday, January 19th, the School opened this year's hockey season by defeating Pickering College, 4 to 0, on our ice. The teams were evenly matched, and fast play was featured throughout the game.

The Saints' lines clicked well, and although Pickering put up a hard battle, they could not put the puck past McClelland, who played a wonderful game in the net. With the aid of fine team-work, O'Brian and Langelier accounted for our goals, together with one which our opponents accidentally put in themselves.

Macdonald I, O'Brian and Langelier for us, and Creed, Sutcliffe and McGillivray for Pickering, played fine hockey during the game.

Pickering line-up: Goal, Rogers; defence, Taylor and McKee; forwards, Creed, Sutcliffe and McGillivray; alternates, McLeod, Charles, Hall, Myers, Kidd and Straus.

S.A.C. line-up: Goal, McClelland; defence, Macdonald I and Langelier; forwards, Macdonald II, O'Brian and McCormick; alternates, McClelland, Bonnell, Sisman, Shields, and Christie.

S.A.C. vs. APPLEBY

On Wednesday, January 26th, on home ice, the School defeated a team from Appleby by a score of 5 to 0. The play looked fairly evenly

matched at first, but soon the superiority of the Saints' showed up, especially as the visitors had a lighter team. It was rather an easy game and, perhaps because of this, it was also a slow one. Sisman opened the scoring in the first period, and from then on the play was mostly in Appleby territory. In the course of the game four more goals were added—one by McCormick, two by Macdonald I and one by O'Brian. Towards the end of the game Appleby played five men up, but despite their effort to prevent a shut-out, which made the game rather rough, the visitors failed to score, so the game ended in our favour 5 to 0.

For them, Williams, Gudgeon, and Walker showed up well, and for us Macdonald I, O'Brian and McCormick took the honours.

Appleby line-up: Goal, Millsap; defence, Williams and Gudgeon; centre, Walker; wings, Lloyd and Munn; alternates, Pearson, Rising and Robertson.

S.A.C. line-up: Goal, McClelland II; defence, Macdonald I and Langelier; centre, Macdonald II; wings, McCormick and O'Brian; alternates, Sisman, Bonnell, McClelland I, Shields, and Christie.

THE FIRST LAKEFIELD GAME

On Wednesday, February 2nd, St. Andrew's were hosts to Lakefield First's. The game was played at the Aurora Arena with the final whistle ending a 3-3 tie.

St. Andrew's were slow to organize after the beginning of the first period, allowing Simpson to open the scoring after 2 min. 5 secs. of play, for Lakefield. S.A.C. made strenuous work for Peace in goal with repeated shots, but failed to score. McCormick led a concerted rush which didn't quite click, and Frewer broke away for Lakefield's second goal with half a minute of play left in this period.

O'Brian opened S.A.C.'s score with a fast angle shot, after six mins. 50 secs. of play in the second period. St. Andrew's were again two down, when Crickmore beat McClelland II with a hard shot, twenty seconds after S.A.C.'s first goal. S.A.C. rallied strongly, and a smooth passing play between McClelland I and O'Brian, gave O'Brian his second goal this period.

The beginning of the third period, the Saint's were all out to get the equalizer. Repeated rushes were broken up by a strong Lakefield defence, but the puck was kept in Grove territory practically all period. O'Brian, playing right wing, secured the puck with one man to beat, outguessed Peace, and shoved in the equalizer. St. Andrew's pressed hard and came very close to breaking the tie while Lakefield were a man short, but were prevented by Rose and Simpson on defence. The

game ended in a 3-3 tie. McCormick, O'Brian and McClelland II performed well for S.A.C., with Simpson, Crickmore and Frewer sharing Lakefield honours.

Lakefield: Goal, Peace; defence, Rose and McLaren; forwards, Frewer, Morley and Crickmore; subs., Simpson, Harris, Carson and Stewart.

THE SECOND PICKERING GAME

The return game with Pickering College was played in the Newmarket Arena on February 14th. Pickering opened the scoring with a spectacular shot by McGillivray on a pass from the corner by Kidd. McCormick retaliated on a lone rush up the left boards, and the score remained tied 1-1 for the remainder of the first period. In the second period McGillivray again scored, but this was followed shortly by a goal by O'Brian. In spite of many close calls on both sides, the score remained tied 2-2 at the end of the second period.

McKee accounted for two more points early in the third for Pickering with two goals very close together. A penalty shot was called against S.A.C. which was taken by McGillivray. It was a hard shot straight for the lower right hand corner, but McClelland stopped it neatly. A few minutes later however McGillivray netted the puck to bring the score to 5-2 for Pickering. The rest of the game was very lively with smart playing all round. With but five seconds to go Myers scored on a pass from Charles. The outstanding player for Pickering was McGillivray; McClelland II played a brilliant game in the nets for S.A.C. in spite of the six points against him.

S.A.C.: Goal, McClelland II; defence, Macdonald I, Langelier; forwards, McCormick, O'Brian, McClelland I, Bonnell, Sisman, Macdonald II, Allespach.

Pickering: Rogers, Taylor, McKee, Creed, Sutcliffe, McGillivray, McLeod, Charles, Hall, Myers, Kidd and Strauss.

THE FIRST RIDLEY GAME

On Saturday, January 29th, St. Andrew's College Firsts played a strong Ridley Team at the Aurora arena.

The loss of Macdonald on defence, due to an injury sustained in basketball, was strongly felt by S.A.C. McCormick was shifted to defence, and played very effectively there. In the first period, S.A.C. put one past Sorenson in the opening minutes, but were recalled by an offside whistle. Ridley speedily retaliated with two passing plays, each netting a goal. McClelland II, in the Saints' nets, had no chance on two more goals before the end of this period.

The second period opened with a determined S.A.C. attack, which McClelland I clinched with a goal from a scramble in front of the visitors' nets. McClelland II was peppered with shots, and turned them aside in fine style. The S.A.C. defence was split by Ashburton twice in this period, for his second and third tallies of the game.

O'Brian, playing an effective checking game, beat Sorenson on a fast one to make the Saints' second tally. Play began to slow up on both sides, with several opportunities to score lost by both teams. Langley, McCarter, and Scandrett combined for the remainder of the Ridley goals, the final score being 10-2. Ashburner and Langley starred for the visitors, with O'Brian and McCormick turning in good performances for S.A.C.

B.R.C.: Goal, Sorenson; defence, Collins, Langley, Macdougall; centre, Scandrett; right wing, MacCarter; left wing, Ashburner; alternates, Langley, Waine, Powell, Hartshore.

S.A.C.: Goal, McClelland II; defence, McCormick, Langelier; centre, Macdonald II; right wing, O'Brian; left wing, McClelland I; alternates, Shields, Sisman, Bonnell, Macrae.

RIDLEY RETURN GAME

The First Team game with B.R.C. in St. Catherines was played on February 12. In the First period St. Andrew's took the lead with nice passing and shooting. S.A.C. had temporarily a slight advantage in speed, which enabled O'Brian to score on an assist from MacDonald I. Ridley failed to get their passes going in this period, and it ended with the score 1-0 for St. Andrew's. Ridley got away to a good start in the second period with a goal by McCarter, closely followed by another by Wayne. B.R.C. were in good form throughout this period, and secured a goal by Powell and another by McCarter. The period ended with the score 4-1 for B.R.C.

S.A.C. recovered their pace in the last period, although McCarter secured another goal at the beginning. Ashburner slipped through the defence, and scored for Ridley; a few minutes later Ridley scored again from a mix-up in front of the net. Toward the end of the period Macdonald skated through the entire Ridley team and scored with a short hard drive from well inside the blue line. The game ended with score at 7-2 for B.R.C.

Outstanding for St. Andrew's was McClelland II in the nets, who played a great game notwithstanding the high score. Macdonald I and McClelland I also were brilliant.

Ridley had a good, well coached hockey team; they produced the strongest opposition of the season.

Ridley: Sorenson, Collins, Langley, McDougall, Scandrett, Mac-Carter, Ashburner, Langley, Waine, Powell, Hartshore.

St. Andrew's: McClelland II, McCormick, Langelier, Macdonald II, O'Brian, McClelland I, Shields, Sisman, Bonnell, Macrae.

LAKEFIELD RETURN GAME

The return first team game with Lakefield was played at Lakefield on Feb. 16. Both teams were evenly matched and it was not until one-half way through the first period that Frewer for Lakefield scored the opening goal, although there were many close calls for both goalies, including once when Bonnell hit the post. The period ended 1 to nothing. The second period had plenty of action with O'Brian tying the score with a minute to go. In the third period both teams played wide open hockey, and the scoring began early. On centring the puck from behind the net, McCormick hit the goalie and the puck bounced in. Simpson soon tied the score for Lakefield. Macrae put St. Andrew's into the lead again however from a pass from Bonnell, but Frewer for Lakefield evened it up in a mad scramble in front of the net. The game went into overtime and Bonnell scored but it was tied thirty seconds later by a goal by Stewart. The game ended with the score 4 to 4.

Lakefield: Goal, Peace; defence, Simpson, Morley; forwards, Stewart, Crickmore, Frewer; alternates, Harris, Warren, Carson, McLean.

S.A.C.: Goal, McClelland II; defence, Macdonald, Langelier; forwards, O'Brian, Macdonald II, and McCormick; alternates, Bonnell, Rogers, Allespach, Sisman, McClelland I, Macrae.

THE FIRST TRINITY COLLEGE SCHOOL GAME

The first game with T.C.S. of the season was played in Port Hope on February 19th. The ice was soft, and slowed a game that might have been very fast. The first period was scoreless, although T.C.S. had a close shave when Sisman missed the net by a narrow margin with a hard shot. About half-way through the 2nd period, when Macdonald I was in the penalty-box, Macdonald II scored on a pass from Bonnell with Macrae also assisting. The remainder of the period was uneventful, except when Macdonald received a nasty crack on the head; after a minute's rest he was back in the game as well as ever. The second goal of the game came in the third period, O'Brian knocking the puck into the net in a mad scramble. Trinity missed their chance to start scoring when Peacock shot wide on a penalty shot, given them when Macdonald smothered a loose puck in a mix-up in front of the

St. Andrew's net. The final point came when Macdonald broke away, drew the goalie out of his net, and shot the puck into the corner, making the score of the game 3-0 for S.A.C. For Trinity, McCullough played a good game, while Macdonald was outstanding for St. Andrew's. The line-ups:

T.C.S.: Goal, McIvor; defence, McCullough, Fleming; forwards, Warburton, Peacock, Russell; alternates, McAvity, Cayler, Turcol II, Turcol I, and Taylor.

S.A.C.: Goal, McClelland II; defence, Macdonald I, Langelier; forwards, McCormick, McClelland I, O'Brian; alternates, Allespach, Macdonald II, Sisman, Bonnell, Macrae.

THE SECOND T.C.S. GAME

The return game with Trinity College was played in the Aurora Arena on February 23rd. The only goal of the first period was scored by Fleming when T.C.S. were a man short. In the second, Warburton and Macdonald I scored for T.C.S. and S.A.C. respectively. The final period began with the score 2-1, to which Fleming and Russell added a point each for Trinity. O'Brian, on a pass from MacRae, and Macdonald II brought the final score to 4-3 in favour of Trinity College.

T.C.S.: Goal, McIvor; defence, Fleming, McCullough; forwards, Peacock, Warburton, Russell; alternates, Mood, McAvity, Turcot I, Turcot II, Taylor.

S.A.C.: Goal, McClelland II; defence, Macdonald I and Langelier; forwards, McCormick, McClelland I, O'Brian; alternates, Macdonald II, Sisman, Macrae, Bonnell, Allespach I.

SECOND TEAM HOCKEY

For the first time in many years a really effective Second Team came into being. Usually the First Squad and the Under Seventeen Squad leave few players between them, but competition was everywhere so keen in 1938 that a complete Second Squad was able to practice assiduously all year (usually on the out-door ice) and win five games out of seven. Rogers was elected captain early in the season, and Mr. Griffiths spent every afternoon (1) coaching (2) fighting the cold (3) mining pucks out of snowbanks (4) untangling the fallen. The team beat Ridley Seconds twice, Pickering Seconds once, the Aurora High School, and Seaton House U.C.C. They were beaten by Pickering Seconds once, and by the Newmarket High School. The Team wants to express its thanks to Mr. Griffiths for the time and trouble he spent, and the success he made of the season.

SECOND HOCKEY TEAM

First Row—Left to Right—J. H. Mitchell, D. G. Macrae, K. E. Rogers, B. W. Allespach, A. S. Cockfield.
Second Row—Left to Right—W. T. Hollinger, R. D. Ankenmann, W. D. Reid, T. C. Gordon, G. J. Christie, R. Grass.
Third Row—Left to Right—W. D. Knight, W. J. Shields, M. G. Griffiths, Esq., C. R. A. Senior, R. M. Doggett.

NEWMARKET HIGH SCHOOL 4—S.A.C. SECONDS 0

On Jan. 20th, the second hockey team opened its season with a game against Newmarket High School. After a first period of fast hockey Newmarket led one to 0, on a goal scored by O'Halloran. During the second period Newmarket held its advantage, and put in two more goals. In the third period St. Andrew's pressed hard, but were still held scoreless. Near the end of the period Fairey scored in a mix-up in front of the net.

Tunney in the visitors' net played well, while Macrae, in leading many attacks for St. Andrew's, turned in a fine performance. Rogers and Allespach played well.

Newmarket: Goal, Tunney; defence, Waphott, McMullan; forwards, Fairey, O Hallaran, Hamilton, alternates, Lowe and Luck.

St. Andrew's Seconds: Goal, Grass; defence, Allespach, Rogers; forwards, Cockfield, Macrae, Christie; alternates, Gordon, Reid, Doggett, Hollinger II.

ST. ANDREW'S COLLEGE 2—PICKERING 0

The second game of the season was played on Thursday, 27th of January, against Pickering College at the Aurora Arena. Early in the first period Allespach received a bad cut over his eye from a raised puck, but he returned to the game in about five minutes. Later, there was a breathless half-minute in front of the S.A.C. net, but Grass was successful in keeping out the bounding rubber. Twelve minutes into the second period Mitchell scored on a solo rush up the left boards. The remainder of the period was of close checking, and nothing spectacular resulted.

The third period opened with a bang with plenty of body-checks. The Pickering left-winger shot a fast one which Grass couldn't cover, but which hit the post and was cleared on the rebound. With four minutes to go, Gordon scored on a bouncing pass from Allespach, bringing the score to 2-0, where it stayed till the end of the game. The line-up:

For Pickering: Goal, Strouse; defence, Campbell and Slogt, forwards, Robertson, Hay and Norland; alternates, Nesbitt, McGibbon, Grant, Strong, Franssi, and Lindsey.

For St. Andrew's: Goal, Grass, defence, Allespach I and Hollinger II; forwards, Rogers, Macrae, and Mitchell; alternates, Gordon, Cockfield, Knight, and Ankenman; referee, Mr. Macrae.

PICKERING 3—S.A.C. 0

Unfortunately our reporter lost the account of the Second Team return game at Pickering. We were beaten 3-0, and the teams were the same that played in the first game.

ST. ANDREW'S 4—RIDLEY 3

Our first game with Ridley this year was played on January 29th in the Aurora Arena. The ice was fast and the game opened with some good hockey, Mitchell making a dangerous rush down our left to have his low corner-shot covered smartly by the Ridley goaler, Gust. Near the end of the period Cockfield scored on a pass from Hollinger, making the score 1-0.

Within five minutes after the second period began, Schmon and Wilson each scored for the visitors. Macrae tied the score on a pass from Rogers.

In the last period both teams scored, Mitchell banging in the rebound from Macrae's shot for us, and Shepard scoring a clever one for Ridley. Stiff checking marked the last ten minutes; with a minute to go Reid scored for S.A.C. Ridley tried hard to tie it up, but were unable to score and the whistle blew with the score St. Andrew's 4—Ridley 3.

Ridley: Goal, Gust; defence, Reid and Shepard; forwards, Schmon, Boswell and Morgan; alternates, Wilson, Chassels, Backet.

St. Andrew's: Goal, Grass; defence, Allespach and Hollinger II; forwards, Rogers, Macrae and Mitchell; alternates, Gordon, Cockfield, Reid, Ankenmann, Knight; referee, Mr. Macrae.

SECOND TEAM VS. SEATON HOUSE U.C.C.

On February 2nd., the Second Team played Seaton House at Upper Canada in Toronto on an open-air rink. The first score was not until well into the first period, when Mitchell netted the puck with a hard angle shot. In the second period Macrae missed the net by a matter of inches; in a few minutes Gordon rushed, and ended up in the net with the goalie on top of him. Upper Canada, however, managed to clear.

The third period started with the score 1-0, but a few minutes later U.C.C. tied it up when Gentles scored in a scramble. At this point the game opened up a great deal, and it was anybody's game until Mitchell, centring the puck from behind the net, hit the goal-keeper's pads whence it bounced into the net. This put the score at S.A.C. Seconds 2, U.C.C. Seaton House 1, and so it remained to the end of the game.

U.C.C. Seaton House: Goal, Hendrick; defence, Bailey, Wallace; wings, Corbett, Bagshaw; centre, Gentles; subs., Trent, Todd, Robertson, McLean, Clark.

S.A.C. Seconds: Goal, Grass; defence, Allespach, Hollinger; wings, Macrae, Rogers; centre, Mitchell; subs., Gordon, Knight, Cockfield, Doggett, Ankenmann.

S.A.C. SECONDS VS. RIDLEY SECONDS

The return Ridley game was played in St. Catharines on February 12th. Schmon for Ridley opened the scoring with a close shot, but Macrae tied the score up a few minutes later on a pass from Rogers while Boswell was in the penalty box. Macrae again scored for us by slipping the puck around the Ridley goalie from behind the net. With two minutes to go to the end of the period, Boswell scored for Ridley making the score 2-2. Early in the second period Macrae hit his head on the ice and came off for a few minutes. Gordon and Cockfield both scored for St. Andrew's in this period, while Beckett scored for Ridley, making the score 4-3. In the last period Mitchell and Macrae each scored to clinch the win for St. Andrew's with a score of 6-3. Macrae played a particularly good game for S.A.C. getting three goals and one assist.

The teams were composed of virtually the same players as met before at Aurora.

SECOND TEAM VS. AURORA HIGH SCHOOL

The game between S.A.C. Second Team and Aurora High School was played on Feb. 19 in Aurora. The ice was in poor shape, but St. Andrew's got away to a good start. The first goal was scored by Gurton of St. Andrew's who played a good game throughout. In the second period there was no score for either team. In the third period Gordon scored on an awkward angle shot. Armstrong for Aurora netted one from a scramble in front of the goal. Cockfield for S.A.C. back-handed a long shot from the blue line near the end of the game and the final score was 3-1 for St. Andrew's. Outstanding for us were Mitchell, Rogers, Gurton, and Ankenmann. Knowles and Preston played well for Aurora.

Aurora High School: Goal, Hughey; defence, Knowles, Wilcox; wings, Neilly, Walker; centre, Preston; subs., Armstrong, Rawlings, Folliot, Lloyd, Thompson.

S.A.C.: Goal, Grass; defence, Gurton, Ankenmann; wings, Mitchell, Rogers; centre, Shields; subs., Reid, Cockfield, Gordon, Doggett, Hollinger.

Hockey Colours were awarded to: Rogers (captain), Ankenmann, Allespach I, Christie, Cockfield, Gordon, Grass, Hollinger II, Macrae, Mitchell, Reid, Shields.

UNDER SEVENTEEN HOCKEY

The Under Seventeens were, from a book-keeping angle of wins and losses, the most successful team in the school playing twelve games in twenty-eight days, winning nine, losing two and tying one. MacLaren, who played a fine game in goal, was elected captain, and made a good field leader. Mr. O'Brian coached the team, and acted as field-general on the players bench. Everyone was very keen; nobody ever stopped trying,—and we had a great time.

The "Under Seventeens" were awarded Third Hockey Colours, the following receiving them: MacLaren, Cobban, Diver II, Goodeve, Gurton, Hampson II, Higgs, Johnston II, McPherson, Thomson.

NEWMARKET HIGH SCHOOL JUNIORS

On Tuesday, January 19th, Newmarket High School brought a team to play our "Under Seventeens". At the beginning of the game play seemed evenly matched, but toward the end of the first half it became apparent that Newmarket had the edge. In the second period Newmarket chalked up two quick goals, both of which were scored by Hamilton. Later a goal for St. Andrew's by McPherson and one for

the opponents by McGinnis made the score 3-1, which was unchanged during the remainder of the game. MacLaren was outstanding for St. Andrew's while Hamilton was brilliant for Newmarket. The players were as follows:

Newmarket: Brown (Goal), Fairey, Hamilton, Legge, McGinnis, Wodehouse; subs, Travis, Vail, Jelley, English.

St. Andrew's: McLaren (Goal), McPherson, Gurton, Diver, Hampson II, Higgs; subs, Cobban, Johnston, Thomson, Frost.

UNDER SEVENTEEN HOCKEY TEAM

First Row—Left to Right—C. J. Higgs, D. H. Gurton, W. M. McPherson, K. F. MacLaren, V. J. Diver, K. M. Johnston.
Second Row—Left to Right—G. M. Frost, W. A. Cobban, W. G. Goodeve, D. I. A. Thomson, L. G. Hampson.
Third Row—Left to Right—G. S. O'Brian, Esq., D. S. Garraway.

PICKERING MIDGETS

On Wednesday, January 20th, Pickering Midgets played our Under Seventeens. Close checking and fast playing gave St. Andrew's an easy victory to the tune of 3-0. Goals were scored by Hampson II, Gurton and McPherson. Diver II also played well for St. Andrew's. The players were as follows:

Pickering: Hervy, Hall, Lemon, McComb, Williamson, Phipps, Banford, Mills, Laurin, McNalley, Roberts, Apple.

St. Andrews: MacLaren (capt.), Goodeve, Gurton, McPherson, Higgs, Diver II, Johnston II, Cobban, Thomson, Hampson II, Frost.

The return game between St. Andrew's Under Seventeens and the Pickering Midgets resulted in a well-earned victory for the Saints. The ice was slow, but nevertheless the game was a swift battle. Gurton knocked in his own rebound in the first period and Higgs later scored twice. The opponents, despite constant rushing, were unable to get results. The final score remained 3-0 for St. Andrew's. Higgs was good for St. Andrew's, as were Gurton and McLaren. Lemon was good for Pickering.

The same boys played on both teams as in the previous game.

WEDD'S HOUSE U.C.C.

On January the 22nd Wedd's House of U.C.C. played the St. Andrew's Under Seventeen team in Aurora.

Stephen opened the score for U.C.C. at the beginning of the first period, and near the close of the period Hull scored again for U.C.C. St. Andrew's tried very hard to get their first goal but the period ended with U.C.C. leading 2-0.

In the second period Hull scored once more for U.C.C., and Armstrong, after many unsuccessful attacks, beat Maclaren with a very hard shot making the score 4-0. Near the end of the period Diver II, stickhandling his way through the defence, scored the first goal for St. Andrew's.

In the last period St. Andrew's forced the play into U.C.C. territory and Johnson II scored again. Making the score 4-2.

This was followed by close checking on both sides, and after a mix-up in front of the S.A.C. goal, Armstrong got his second goal for U.C.C. Just before the final whistle, Johnston scored for St. Andrew's.

Final Score—U.C.C. 5, S.A.C. 3.

U.C.C. Line-up: Goal, R. Waldie; defence, Stephen, Read, Hendrie, Parott; lines, Poupore, Hullit, Armstrong, Northwood, Little, Busk.

S.A.C. Line-up: Goal, Maclaren; defence, Gurton, McPherson; lines, Johnson II, Diver II, Higgs, Hampson II, Cobban, Thomson.

RIDLEY III vs. S.A.C. UNDER SEVENTEEN

On Saturday, January 29, Ridley College played their first hockey game here with our Under Seventeen team at Aurora. Their Third team proved to be evenly matched with ours, although we managed to come out on top by a score of 1-0. Higgs was the scorer for us after Diver II had brought the puck up single-handed before making the pass.

The most outstanding players for S.A.C. were Diver II, McPherson, Higgs and Maclaren.

For S.A.C.: Goal, Maclaren; defence, McPherson, Gurton, Goodeve; centres, Diver II, Cobban; forwards, Higgs, Johnston II, Hampson II, Thomson.

For B.R.C.: Goal, Dymond; defence, Dixon, Dunfee, Lopez; centres, Loosely, Hague; forwards, Moore, Cronyn, Walker, Graves.

UNDER SEVENTEEN'S VS. T.C.S. THIRD'S

On Wednesday, January 26th, the Under Seventeen's journeyed to Port Hope for their fourth encounter of the season against T.C.S. Third's. Thanks to a blinding snowstorm, the game was played in the Port Hope Arena, after lunch.

The ice was fast and both teams got away to a good start, S.A.C. nearly scoring before half a minute of play on a rush with Diver II and Higgs. T.C.S. were not slow in retaliating, and Bryson didn't give Maclaren, in S.A.C.'s nets, a chance on a swift corner shot. T.C.S. quickly followed up this lead, with Bryson putting two more past Maclaren before the bell went to end the period.

The second period opened with a determined attack on the T.C.S. nets by Higgs, Diver and Johnston, which resulted in S.A.C.'s opening tally by Higgs. A moment later Diver rammed another into Duggan's pads and before he could clear the rebound, put it over the line.

The tying tally came a few minutes after the beginning of the third period on a solo rush by Diver. Both sides tried hard for the deciding goal, until, with only seconds to go, McPherson pulled Duggan out of the nets and pushed the puck past him, the score remaining 4-3 till the close of the game. Both teams played well, but Diver, for S.A.C., and Duggan II for T.C.S. deserve special mention for their performances.

The line-ups were as follows:

S.A.C.: Goal, Maclaren; defence, Macpherson, Goodeve, Gurton; left wing, Johnston, Thomson; right wing, Higgs, Hampson; centre, Diver, Cobban.

T.C.S.: Goal, Duggan I; defence, Seagram, Alexander, Lightbow; left wing, Summerville, Higgenbottom; right wing, Bryson, Peacock II; centre, Duggan II, Johnston.

RETURN GAME AGAINST U.C.C. WEDDS

The return game was played at Upper Canada on a good out-door rink. We were sorry that several of the Wedds team who had opposed us in Aurora were playing a T.H.L. fixture this day. U.C.C., however,

showed up well on the small ice. The cold weather kept everybody moving, and the game did not lack speed.

Higgs, on our right wing, opened the scoring with a fast angle-shot that beat Waldie in the U.C.C. nets. In the second period Upper Canada came close to scoring from several ganging attacks, but McPherson, Goodeve and Gurton broke them up, and MacLaren in our goal was unbeatable. In the last period Johnston broke away and scored for us, the puck hitting both goalposts en route. The score remained 2-0 for St. Andrew's until the final whistle. A few minutes before full time Thomson missed an open net on a pass from Cobban.

The S.A.C. line-up was the same as it was all season. We regret not reporting the names of the new players for Wedds. After the game we saw their new gym. and tank, and enjoyed being their guests for dinner.

RETURN GAME AGAINST T.C.S.

On Saturday, Feb. 5, T.C.S. Under Seventeen's played S.A.C. Under Seventeen's the return match at Aurora.

Diver II opened the score for S.A.C. and shortly afterwards Higgs made it 2 to 0 for S.A.C. Nearing the end of the period Bryson for T.C.S. beat McLaren on a close-in shot, and the period ended with the score of 2 to 1 for S.A.C.

The second period consisted of defensive hockey, and the only goal was scored by Sommerville of T.C.S.

The third period was very fast, and St. Andrew's had by far the better of the play. Johnston II for S.A.C. broke the tie shortly after the half way mark and nearing the end of the period he scored again.

The final score was:

St. Andrew's 4; T.C.S. 2.

Line-ups:

Goal, Duggan; defence, Seagram, Lithow; lines, Higgenbottom, Peacock, Johnston, Waters, Alexander, Le Mesurier; spares, Brison, Sommerville, Duggan.

Goal, McLaren; defence, McPherson, Gurton, Goodeve; lines, Johnston II, Diver II, Higgs, Cobban, Hampson II, Thomson.

UNDER SEVENTEEN'S VS. LAKEFIELD SECOND'S

On February 2nd the Under Seventeen's chalked up a 3-0 victory over Lakefield Second's, at Aurora. Shortly after the game began, Diver II scored a pretty goal for St. Andrew's. As the game went on, it was apparent that Lakefield was shy of substitutes, for their original line stemmed the tide stalwartly for most of the game. Johnston II,

who, although he always worked indefatigably, never looked particularly dangerous, began his junior reputation of being Johnny-on-the-spot, or at-the-rat-hole, for he scored twice.

The game ended with St. Andrew's winners 3-0. Lakefield were always good, and never stopped trying.

Lakefield: McLean, Foster, Warren, Langmuir, Warren, La Nauze, Wilkes, Roberts, Carter, McCrimmon, Peace.

St. Andrew's: MacLaren, McPherson, Gurton, Goodeve, Diver II, Johnston II, Higgs, Hampson II, Cobban, Thomson.

LAKEFIELD RETURN GAME

On Wednesday, February 16th, the Under Seventeen Team journeyed to Lakefield, and finished their season's schedule with a 3-3 tie against Lakefield's Second Team.

The first period was packed with fast hockey and excellent stops by both goalies, Maclaren and McGinnis. S.A.C. came dangerously close on passes by Johnston, Diver and Higgs. The Grove defence broke up another rush as the period ended.

The second period had scarcely begun when Gurton, single-handed, split the Lakefield defence, and gave the goalie no chance on a hard shot which struck the left upright and bounced in. The Grove retaliated on the next play with a bouncing puck rolling over Maclaren's skate. From the face-off, Lakefield secured the puck, rounded the S.A.C. defence, and rammed in their second goal. Thomson for S.A.C. in front of the Lakefield nets, rifled in a pass from Hampson. The score was 2-2 at the end of the second period.

The ice was rough in the third period, and a bouncing puck cut down the speed which had featured the game to this point. Maclaren was beaten out by a Lakefield drive, putting them one up. The S.A.C. defence, McPherson and Goodeve, held, and prevented further scoring. Higgs shot a hard one down the right boards, rushed in for the rebound and scored. The period ended 3-3 and overtime did not break the tie.

The line-ups were as follows:

Lakefield: Goal, McGinnis; defence, Foster, Warren; II, forwards, Warren I, Langmuir, La Nauze, Wilkes, Roberts, Carter; subs., Peace I, McCrimmon.

S.A.C.: Goal, Maclaren; defence, McPherson, Gurton, Goodeve, forwards, Johnson, Diver, Higgs, Hampson, Cobban, Thomson; sub., Bryan.

UNDER SEVENTEEN'S VS. RIDLEY THIRD'S

On Saturday, February 12th, the Under Seventeen's played a return game with Ridley, at St. Catharines. The weather being very mild,

the ice surface was not at its best, but the game was enjoyed by both teams. Gurton and Diver scored to give S.A.C. a 2-0 victory. The first period was slow and the play ragged, but after the ice surface had been cleared at the end of the period, both teams started to pass and both goalies were kept busy. Towards the end of the second period Ridley made a determined attack, which was broken up by Gurton, who soloed through the team to open the scoring. On a pass from Higgs, Diver II beat the goalie on a low, fast shot from a few yards out. The game ended without any further scoring by either team. The line-ups were the same as in the first game.

INTRAMURAL HOCKEY, 1938

All the boys in the Upper and Middle Schools who didn't play on one of the school hockey teams were organized in an Intramural League this winter by Mr. Griffiths. There were four teams: Blairgowrie captained by Kinley, Greenock captained by Kent, Kirkcaldy captained by MacIntosh I and Rothesay captained by Farrer. The winning team was Kent's Greenock, composed of:

Kent, Hamilton I, Broome, Lofft, Diver I, Ellis, Heintzman I, Good, Merner.

After the Second and Under-Seventeen Teams had finished their schedule of games they were organized in a League for the remainder of the season. The teams were called Galashiels, Arbroath, and Inverness, and were captained by Rogers, Cockfield, and Mitchell I. Rogers' Galashiels finished up undefeated. His team was as follows:

Rogers, MacLaren, Diver II, Gordon, Cobban, Doggett, Merner, Gurton.

Boxing

The Annual Boxing Tournament had more entries than ever, and the "class" of the pugs in the various weights was good. The progress of the tournament, which lasted over a week, is shown on the appended chart. The finals produced the usual *éclat* and excitement, with many visitors at the ring-side. We thank Dr. Gossage, Mr. Chapman and Mr. Cochrane for their efficient refereeing and judging.

Only a few bouts can claim comment. One of the best bouts of the evening was Cody v. Fraser, 115 lb. Junior. Both fighters were stylish and game; the match was fast and close, Fraser winning by a narrow margin.

The 145 lb. Senior Class brought Bonnell and MacIntosh I together. It was a hard-hitting exhibition, with clever boxing and clean exchanges. Bonnell was dizzy in the second round, but knocked out MacIntosh in the third.

Hamilton I showed ability and skill in the 158 lb. class final.

The Heavyweight Senior final was not the usual slugging match, and nobody could be sure whether Macdonald I or Allespach I would get the decision. Starting off with a rapid exchange of punches, the match slowed in the second round to a defensive scientific style, but warmed up in the third when Macdonald earned the decision and the medal.

Swimming

Under the coaching and organization of Mr. Griffiths, swimming was this year more popular than ever. The team was most successful, and three school records were broken. Swimming is a great co-ordinator for all the muscles, apart altogether from the fun of it; the fact that it interferes in no way with either football or hockey gives it a permanent niche in school activities.

Colours in swimming are awarded to winners of first places in recognized meets, as, for example, against universities. Swimming colours

were awarded to Allespach I, Kent, Kinley, Merner, and O'Brian I, an unusually large number to be awarded in one year.

SWIMMING TEAM

First Row—Left to Right—M. G. Kent, R. A. Merner, J. A. O'Brian, B. W. Allespach, G. J. Kinley, J. E. Sisman.
Second Row—Left to Right—G. J. Christie, P. H. Allespach, M. G. Griffiths, Esq., D. I. A. Thomson, H. K. Hamilton.

On December 4th our swimming team competed against the University of Western's freshman team, at Hart House in Toronto. The final score was 44-11 in favour of S.A.C.

The results of the various events were:

S.A.C. vs Western University.

50 yards back—1, Boughton (Western); 2, O'Brian (S.A.C.); 3, Land (Western).

50 yards free style—1, Kent (S.A.C.); 2, (Sisman) (Levine) (S.A.C.) (Western); 3, Wallace (Western).

50 yards breast—1, Allespach I (S.A.C.); 2, Allespach II (S.A.C.); 3, Fraser H. (Western).

100 yards free—1, Merner (S.A.C.); 2, O'Brian (S.A.C.); 3, Walker (Western).

200 yards free—1, Kinley (S.A.C.); 2, Sisman (S.A.C.); 3, ———

Medley relay—(S.A.C.) (1st)—O'Brian, Allespach I, Kent. (Western) (2nd)—Land, Wallace G., Levine.

Free style relay—1st (S.A.C.)—Kinley, Merner, Sisman, Kent; 2nd (Western)—Conron, Boughton, Reid, Land.

On December 2nd the swimming team visited the Ontario Agricultural College to compete with their swimming team. Before the meet, both the swimming and basketball teams were invited to a dance held in Macdonald Hall. S.A.C. swam well in the meet, and deserved their win over strong opposition. The final score was 28 to 27 points, a close victory for St. Andrew's.

The results of the meet were:

52 yards back—1, Knowles (O.A.C.); 2, O'Brian (S.A.C.); 3, Merner (S.A.C.).

52 yards free style—1, McGregor (O.A.C.); 2 Kent (S.A.C.); 3, Cook (O.A.C.).

52 yards breast—1, Allespach I (S.A.C.); 2, Allespach II (S.A.C.); 3, Grierson (O.A.C.).

104 yards free style—1, Knowles (O.A.C.); 2, Merner (S.A.C.); 3, O'Brian (S.A.C.).

208 yards free style—1, Shivas (O.A.C.); 2, Sisman (S.A.C.); 3, Kinley (S.A.C.).

Medley relay—1st (S.A.C.)—Merner, Allespach I, Kent. 2nd—(O.A.C.)—Charles, Grierson, Knowles.

Free style—1st (O.A.C.)—Broomer, McGregor, Knowles, Cook. 2nd—(S.A.C.)—Kinley, Merner, O'Brian, Kent.

On January 22nd the swimming team lost to the Ontario Agricultural College team. Although S.A.C. lost by the score of 33 to 22, three school and two tank records were smashed by the St. Andrew's swimmers. O'Brian completed the forty yards backstroke in 26 $\frac{2}{5}$ seconds. Allespach I covered the same distance breaststroke in 26 $\frac{4}{5}$ seconds, while Kinley finished the 200 yards free style in 2.36 $\frac{3}{5}$.

The events and results were as follows:

40 yards back—1, O'Brian (S.A.C.); 2, Kellogg (O.A.C.); 3, Merner (S.A.C.).

40 yards free—1, McGregor (O.A.C.); 2, Kent (S.A.C.); 3, Sisman (S.A.C.).

40 yards breast—1, Allespach I (S.A.C.); 2, Jones (O.A.C.); 3, Allespach II (S.A.C.).

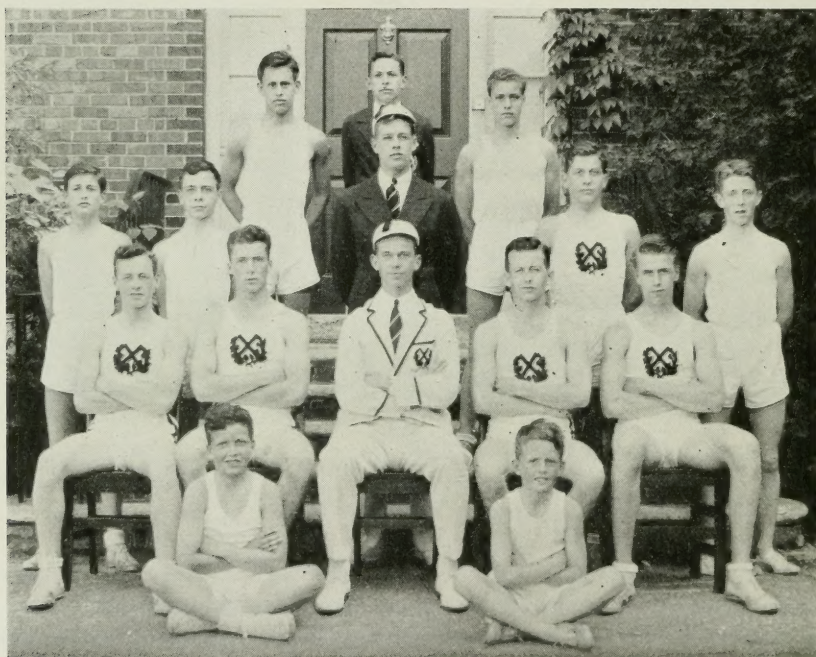

100 yards free—1, Knowles (O.A.C.); 2, Kellogg (O.A.C.); 3, Merner (S.A.C.).

200 yards free—1, Kinley (S.A.C.); 2, Shivas (O.A.C.); 3, Dowling (O.A.C.).

Medley relay—1st (O.A.C.)—Kellogg, Knowles, Jones. 2nd (S.A.C.)—O'Brian, Allespach, Kent.

Free style relay—1st (O.A.C.)—Knowles, Broomer, McGregor, Holmes. 2nd (S.A.C.)—Kinley, Merner, O'Brian, Kent.

W. G. B.

SCHOOL CHAMPIONS

Front—Left to Right—L. S. O'Brian (Boxing), F. A. McKenzie (Boxing).

Seated—Left to Right—D. I. A. Thomson (Boxing), D. G. Macrae (Running), J. F. Macdonald (Sen. Boxing), E. A. Bonnell (Running), H. K. Hamilton (Running).

Third Row—Left to Right—J. D. Fraser (Boxing), K. G. Cameron (Boxing), J. A. O'Brian (Skiing), D. P. Sabiston (Running), V. G. Diver (Boxing).

Fourth Row—Left to Right—J. D. Aguayo (Boxing), T. R. Hastings (Skiing), G. M. Brickenden (Running).

T.C.S. vs. S.A.C.

An exceptionally successful and interesting swimming meet was held at St. Andrew's on Wednesday, June 8th. The S.A.C. team won all but one of the six events. The showing made by the swimmers is all the more remarkable because very little training was done. Features of the meet were the records set in the 40 yd. Back Stroke by O'Brian I, in the 100 yd. Free Style by Kinley, and in the 120 yd. Medley Relay by O'Brian, Allespach I, and Kent.

40 yd. Back: 1. O'Brian, S.A.C.; 2. Merner, S.A.C.; 3. Earl, T.C.S.
Time: 25 $\frac{2}{5}$.

40 yd. Free: 1. Kent, S.A.C.; 2. Swinton, T.C.S.; 3. Sisman, T.C.S.
Time: 21 $\frac{2}{5}$.

40 yd. Breast: 1. Allespach I, S.A.C.; 2. Allespach II; 3. Irwin, T.C.S.
Time: 26 $\frac{4}{5}$.

100 yd. Free: 1. Kinley, S.A.C.; 2. Jones, T.C.S.; 3. Savage, T.C.S.
Time: 66 $\frac{4}{5}$.

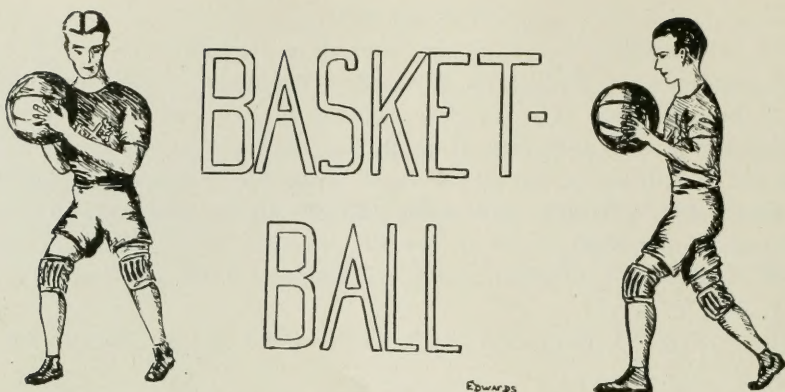

Medley Relay 120 yds.: 1. S.A.C., O'Brian, Allespach I, Kent;
2. T.C.S., McAvity, Irwin, Swinton. Time: 1.16 $\frac{2}{5}$.

Free Style: 1. T.C.S., Flock, Jones, Savage, Swinton. Time: 1.37.

Relay 160: 2. S.A.C., Kinley, Sisman, Merner, Kent.

Points: St. Andrew's 32—T.C.S. 14.

FIRST TEAM BASKETBALL

This year's basketball team was much stronger than had been expected, since a new team had to be built up around two old colours. In spite of this Mr. Millward accomplished the job well, and deserves hearty congratulations for his efforts. Grass and Kilpatrick showed much improvement over last year. Davis, a new boy, played a steady game all season. The whole team without exception co-operated in every way with their coach, and this more than any one factor, is what made the season so successful.

THE RIDLEY GAME

On January 29th, at Aurora, the St. Andrew's College First Basketball Team played its first Little Big Four game against Ridley College. The Ridley College team, although more experienced, were given a good fight by St. Andrew's before winning the game. Park, Lewis and Sunderlin were outstanding for Ridley. The whole of the St. Andrew's team played well, with Seaton and Macdonald I receiving special mention.

B.R.C. 44, S.A.C. 21.

The Teams:

B.R.C.—Doherty, Edmonds, Park, Eamon, Lewis, Savory, Hodder, Franks, Sunderlin, Gray.

S.A.C.—Seaton, Davis, Macdonald I, Knight, Grass, Macdonald II, Kilpatrick, Kent, Cockfield.

THE FIRST TRINITY COLLEGE GAME

On February 23rd, at Aurora, St. Andrew's played its third Little Big Four basketball game against Trinity College. The St. Andrew's team played a much better game than their opponents, and the alternates were given a chance to prove their worth. Cockfield played a fine game at

guard, and the forward line of Macdonald II, Kilpatrick and Angus proved too strong for their opponents. Gripton and Irwin played well for T.C.S. The Teams:

T.C.S.—Gripton, Swinton, Giffen, Thomson, McConnell, Partridge, Langdon, Irwin, Harvey, Wood, Harstone.

S.A.C.—Seaton, Davis, Macdonald I, Grass, Knight, Macdonald II, Kilpatrick, Cockfield, Angus.

BASKETBALL TEAM

First Row—Left to Right—R. Grass, J. D. Seaton, J. F. Macdonald, J. E. Davis, W. D. Knight.

Second Row—Left to Right—W. T. Hollinger, M. G. Kent, D. B. Kilpatrick, J. F. Macdonald, A. S. Cockfield, W. G. Angus, J. B. Millward, Esq.

THE SECOND RIDLEY GAME

The Basketball Team journeyed to St. Catharines with the Hockey Teams to play Ridley College in a return basketball game, on February 12th. Ridley still proved to be the better team, and on their own floor were a vastly different team than that which played us at Aurora. Although St. Andrew's played well, they could not cope with the accurate shooting of Park and Lewis, who scored 49 of their team's points. Macdonald I played a splendid game at centre, while Knight and Grass played well at guard with Grass bearing the brunt of the defensive work.

B.R.C. 63, S.A.C. 29.

The Teams:

B.R.C.—Doherty, Park, Lewis, Hodder, Sunderlin, Edmonds, Eamon, Savory, Franks, Gray.

S.A.C.—Kilpatrick, Macdonald II, Davis, Macdonald I, Kent, Knight, Cockfield, Grass, Angus.

THE SECOND T.C.S. GAME

The Basketball Team went to Port Hope on March 5th, to play a return game with T.C.S. Trinity College, always good on their own floor, gave St. Andrew's a good fight before going down to defeat. When Macdonald I and Seaton found the range, they combined to score most of our points. Gripton, Irwin and Thomson played well for T.C.S.

T.C.S. 25, S.A.C. 33.

The Teams:

T.C.S.—Partridge, McConnell, Gripton, Wood, Irwin, Giffen, Thomson, Earle, Langdon, Harvey.

S.A.C.—Seaton, Davis, Macdonald I, Knight, Grass, Macdonald II, Kilpatrick, Cockfield, Angus.

BASKETBALL CHART, 1937-1938

Name	Position	Number of field goals	Number of foul shots	Total number of points
Macdonald I (Capt.)	Center	49	2	100
Seaton I	Right Forward	46	2	94
Knight	Right Guard	18	2	38
Grass	Left Guard	12	6	30
Davis	Left Forward	11	1	23
Kilpatrick	Left Forward	8	0	16
Angus	Left Forward	4	0	8
Kent	Center	1	0	2
Macdonald II	Right Forward	0	0	0
Cockfield	Right Guard	0	0	0

11 games played.

Total—149

Total—13

Sum Total—311

Average score per game—28.3.

ST. ANDREW'S COLLEGE 38th ANNUAL ATHLETIC MEETING

On Saturday, May 14th, a programme of track and field events which had been staged all week, came to a close with the annual Games Day competitions and distribution of prizes. Many good performances were turned in, notably those of Hamilton, who set a new intermediate high jump record of 5' 7", and Bonnell, who broke the intermediate 880 yds. and 440 yds. records. Macrae was declared Senior champion, Hamilton nosed

out Bonnell for the Intermediate championship, and Sabiston led Tisdall for the Junior championship. The championship cups donated by Dr. Boulding, G. N. A. Rowell, and Dr. Underhill were presented by Mrs. Dunlap, following the events. The results of the entire meet are as follows:

SENIOR

Mile Open: 1. Bonnell, 2. Thomson, 3. Davis; time, 5.32. 880 Senior: 1. Reid, 2. Thomson, 3. Macrae; time, 3.23 $\frac{2}{5}$. 440 Senior: 1. Macrae, 2. Thomson, 3. Roscoe; time, 61 $\frac{2}{5}$. Discus: 1. Langelier, 2. Hollinger II, 3. Rogers; distance, 85' $9\frac{1}{2}$ ". Javelin: 1. Angus, 2. Reid, 3. MacIntosh I; distance, 118'. Shot Put: 1. Langelier, 2. Archibald, 3. Angus; distance, 32' 8". 220 yds.: 1. Davison, 2. Macrae, 3. McCormick; time, 25. High Jump: 1. Gordon, 2. Macdonald I, 3. Higgs; height, 5' $2\frac{1}{2}$ ". Broad Jump: 1. Gordon, 2. Ankenmann, 3. MacIntosh I; distance, 18' 5". Pole Vault: No event. 100 yds.: 1. Macrae, 2. McCormick, 3. Davison; time, 11. 120 yds.: 1. Gordon, 2. Macrae; time, 22 $\frac{3}{5}$.

INTERMEDIATE

880 yds.: 1. Bonnell, 2. Kinley, 3. Brickenden; time, 2.20*. 440 yds.: 1. Bonnell, 2. Sisman, 3. Kinley; time, 59 $\frac{1}{5}$ *. Discus: 1. Hamilton, 2. Kent, 3. Kinley; distance, 66' $7\frac{1}{4}$ ". Shot Put: 1. McClelland II, 2. Bonnell, 3. Goodeve; distance, 26' 9". Javelin: 1. Bonnell, 2. Hamilton, 3. Mitchell; distance, 114' 3". 220 yds.: 1. Hamilton, 2. Bonnell, 3. Sisman; time, 24 $\frac{1}{5}$ *. Pole Vault: 1. Brickenden, 2. Kinley, 3. Shirriff; height, 7'. High Jump: 1. Hamilton, 2. Sisman, 3. Mitchell and Senior; height, 5' $7\frac{1}{4}$ ". Broad Jump: 1. Hamilton, 2. Bonnell, 3. Rutter and MacIntosh; distance, 16' $10\frac{1}{2}$ ". 100 yds.: 1. Hamilton, 2. Sisman, 3. Buchanan and Bonnell; time, 11. 120 Hurdles: 1. Bonnell, 2. Hamilton, 3. Kinley; time, 18 $\frac{3}{5}$.

JUNIOR

Shot Put: 1. Hampson II, 2. Jolliffe, 3. Sabiston; distance, 28' 3". 220 yds.: 1. Tisdall, 2. Jolliffe, 3. Williams I; time, 29. Pole Vault: Sabiston; height, 6'.

*New record established.

High Jump: 1. Sabiston, 2. Tisdall, 3. Jolliffe; height, 4' 7 $\frac{1}{4}$ ". Broad Jump: 1. Tisdall, 2. Sabiston, 3. Hampson II; distance, 15' 7 $\frac{3}{4}$ ". 100 yds.: 1. Tisdall, 2. Sabiston, 3. Williams I; time, 12. 120 Hurdles: 1. Sabiston, 2. Tisdall, 3. Silliman; time, 21. 100 yds. (under 13): 1. Silliman, 2. Hampson III, 3. MacKenzie; time, 13 $\frac{3}{5}$. L.S. Handicap: 1. Rapmund, 2. Pollock, 3. MacKenzie; time, 9 $\frac{4}{5}$. 50 yds. Prep.: 1. MacKenzie, 2. Thompson III, 3. Beverly.

Shuttle Relay: McCormick, Macrae, Ankenmann, Sisman.

3-Legged Race, Prep.: Tie—O'Brian and Mackenzie, Hamilton, Beverly.

Obstacle Race: Jolliffe, Silliman.

Three-Legged Race, Open: Frost, Hampson I.

Junior Consolation Race: K. Cameron.

Sack Race: McPherson.

Old Boys' Race: 1. Cox, 2. Adams, 3. Rowell.

Senior Champion: Macrae, 17 points; runner-up, Gordon, 15 points.

Intermediate Champion: Hamilton, 31 points; runner-up, Bonnell, 30 points.

Junior Champion: Sabiston, 22 points; runner-up, Tisdall, 21 points.

Middle Distance Cup: Tie—Thomson, London, and Macrae, Oakville.

Starter: J. B. Millward, McGill University.

Timers: B. Macrae, Queen's University; J. Musgrove, University of Toronto.

Judges: G. S. O'Brian, T. B. Tudball, H. Goodman, K. Ives.

TRACK TEAM

First Row—Left to Right—H. H. Davison, W. D. Reid, D. G. Macrae, E. D. Bonnell, H. K. Hamilton.

Second Row—Left to Right—T. C. Gordon, G. J. Kinley, J. B. Millward, Esq., J. E. Sisman, D. I. A. Thomson.

Third Row—Left to Right—D. P. Sabiston, F. G. Tisdall.

TRACK TEAM AT THE ORILLIA DISTRICT ONTARIO CHAMPIONSHIP MEET

Once again the weather favoured the track team for their annual participation in the district meet at the Ontario Athletic Commission Camp near Orillia on May 29th.

The track was in excellent condition and the times were fast, Mr. Millward's excellent coaching being evident in the good showing of the red and white team.

Bonnell, our potential middle-distance point-getter, was not with us due to a cold, in spite of which we ran up the same score as last year, with a total of twenty-six points.

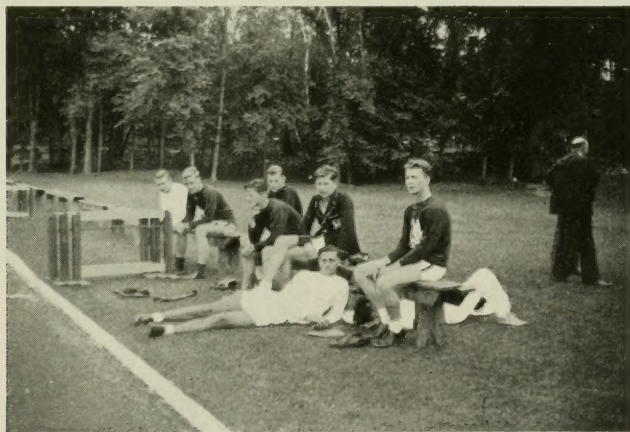

Hamilton and Tisdall were outstanding, Hamilton placing first in the intermediate high jump and second in the 220 yard dash, and Tisdall first in the junior 100 yard dash, second in the 220 and third in the broad jump. Sabiston also captured the junior high jump honours, Davison, with a 2nd in the quarter mile, was the only senior who placed.

The results were:

Senior Events: Davison—2nd in 440 yds.

Intermediate Events: Hamilton—1st in high jump, 2nd in 220.

Junior Events: Tisdall—1st in 100 yds., 2nd in 220 yds., 3rd in broad jump; Sabiston—1st in high jump, 3rd in shot put.

S.A.C. Track Team ready to go—Orillia, 1938

TENNIS

This term tennis has been played a great deal throughout the school, and a number of boys in both upper and lower school show great promise. Tennis, being an individual's game, will never become one of the major sports in the school, but it is a game that can be played throughout one's life, and with two fine courts at the school we should take all the opportunity possible in making use of them. This term and the beginning of the fall term are the only times the weather permits and it has been very gratifying to see the enthusiasm shown, and the way the courts are in use every available moment. Some day we hope to have a court made of some material that will dry quicker than our own after the snow has gone.

There have been two tennis tournaments played in the Upper School and Mrs. Ketchum and Mrs. O'Brian have very kindly consented to give cups to the winners. The senior championship has not been finished, there being five boys still in the running: Senior, Macrae, Seaton, MacIntosh, and Connacher. In the intermediate championship Lofft defeated Hampson II in the final. Lofft, with his experience and good strokes, decidedly deserves the championship, but Hampson put up a good fight and played a very steady game.

This year we had a tennis match with Lakefield and although we were defeated the games were very close. In the singles Connacher (S.A.C.) lost to Harris (L.P.S.) after three sets, and Lofft (S.A.C.) defeated Crickmore (L.P.S.) in three sets. Owing to the cricket match played on the same day we were able to play only one set of doubles in which Maclaren and Langmuir of Lakefield defeated Connacher and Kinley 7-5. We hope this arrangement of tennis combined with cricket will be continued between the two schools.

Macdonald House

THE LOWER SCHOOL, 1937-8

DRAMATICS

On Friday, March 4th at 8.00 p.m., the Lower School, under the able leadership of Mr. Ives, presented two one-act plays. There was a large number of parents and friends present as well as the body of the school. The first play, entitled "The Invisible Duke", was a comedy, and went off very well till a huge iron pot fell off its stand. The cast was as follows: The Astrologer—J. Kilpatrick II; Nekko—D. Hampson III; Dekko—James Booth; The Duke—B. R. Stapells; Lady Emilia—James Franceschini; Francesco—W. H. Diver.

The scenery, prepared by the boys themselves, (mostly by Mr. Ives and Mr. Smith), made a very striking effect. On the other side of the walls was the scenery for the second play. Mr. Musgrove and Mrs. Tudball and Mrs. O'Brien greatly assisted in the properties and costuming.

The second play, entitled "The Devil Among the Skins", was a humorous episode taken from the well-known fable "Big Claude and Little Claude". The cast was as follows: The Wife—R. L. Graham; The Miller—D. Sabiston; The Tanner—R. Hastings; The Husband—A. F. Moss.

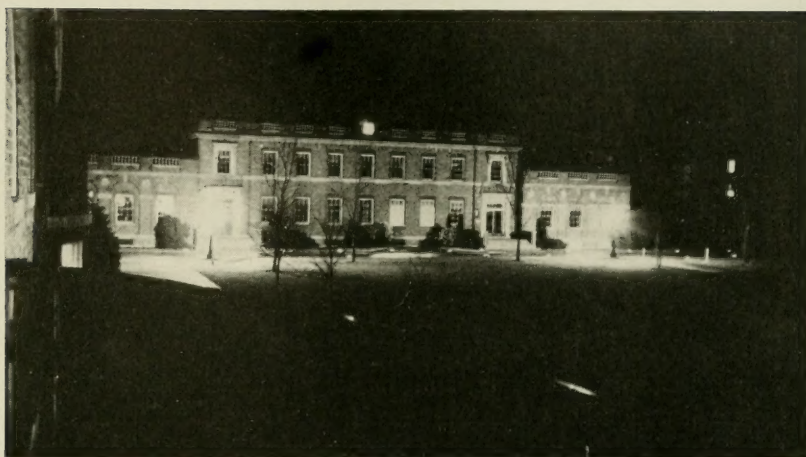

These plays were, on the whole, a great success, and while the actual acting was fair, the scenery and lighting added greatly to the effect. A great deal of credit for this must go to Mr. Smith, who worked unceasingly along with Mr. Ives, Mr. Macrae, and Mr. Musgrove. The costumes, supplied chiefly by the boys and the head costumers, Mrs. Tudball and Mrs. O'Brian, were of excellent taste and fitted the period perfectly. Mrs. Ketchum, as a beauty specialist, made up the players' faces. All these facts combined made the whole evening an enjoyable one and a memorable one in Lower School Literary Life.

J.R.M.K.

PLAYROOM

In our last issue we mentioned that a once unused ping-pong room was being done over and made into a comfortable playroom. This playroom, after having undergone painting, whitewashing, and various other processes, was opened at about the middle of the Winter Term. It contains two ping-pong tables and a shuffle board. This room was much used and enjoyed for the whole of last term, but now that it is warm outside it is not used so often. During the season that the room was in the limelight, there were various small tournaments, and the shuffle board was much enjoyed till the head prefect came over, and in one of his titanic efforts to score, broke the handle of the stick, thereby creating a distinct disturbance. He left the building in disgrace (we hope). The Macdonald House Playroom has been a great help as far as the suppression of noise goes. We hope that this room will be an asset to the House for many years to come.

We are sorry to say that Mr. W. J. Musgrove will not be returning to the school next fall.

Dunlap Hall at Night

THE WELLAND SHIP CANAL

The first Welland Canal, completed a little over a century ago, was built to overcome the Niagara Falls and rapids, and to provide a passage for boats from Lake Erie to Lake Ontario.

Since then, three other canals have been built, each larger than the preceding one. The last one, the Welland Ship Canal, was opened by His Excellency Lord Bessborough, on August 6th, 1932, in the presence of the delegates to the British Empire Economics Conference which was meeting at Ottawa at the time. This canal, the largest of the four, is twenty-eight miles long, extending from Port Colborne on Lake Erie to Port Weller on Lake Ontario. There are seven locks and one guard lock. Each lock has a lift of $47\frac{1}{2}$ feet and is 828 feet long, 80 feet wide and 30 feet deep. The height of the lock wall is 822 feet, while the total lift from Lake Erie to Lake Ontario is 325 feet. To construct these locks it took the removal of 2,000,000 tons of rock, each lock containing 362,000 cubic feet of concrete. The gates are 82 feet high, $47\frac{1}{2}$ feet wide and weigh 500 tons apiece. All machinery is operated by electrical power which is developed in the power house on the canal. The channels connecting the locks are 200 feet wide at the bottom, 310 feet wide at the surface of the water and are twenty-five feet deep. Number 20 Highway and numerous railroads cross the canal; the bridges on which the highways and railways cross the canal are of the vertical lift type, providing a clearance of 120 feet from the water's surface, and which permit the largest ocean liner to go through. The "Lemoyne" of the Canada Steamship Lines, the largest

boat on the Great Lakes, carrying 530,000 bushels of grain, passed down the canal on the opening day, and since then all boats, no matter of what size or of what country, have used the canal. It was built entirely on Canadian soil by the Canadian government at a total expense of \$120,000,000. All ships are permitted to use this great waterway free of charge. We should be proud of our Canadian engineers who performed this wonderful feat.

CAMERON II, Upper Second.

LOUIE THE DOG

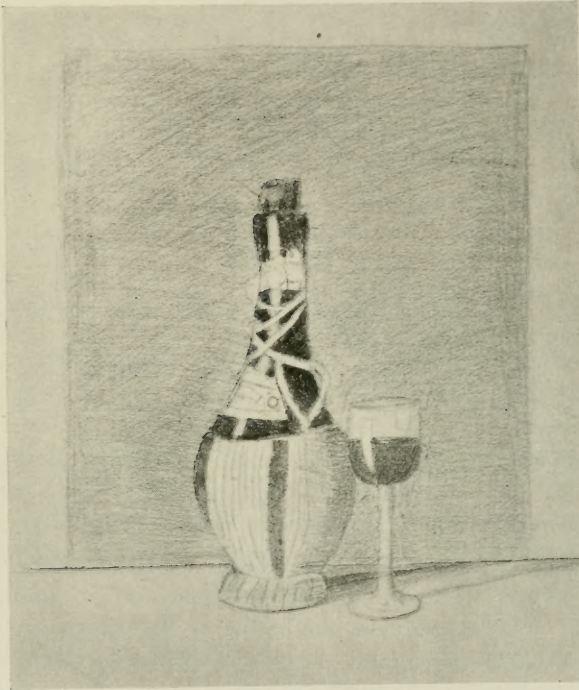

To the sound of rapid-firers, and bursting shrapnel a British division scurried along a muddy road in full retreat. Hurrying through the village of Vieux Berquin they halted for a few days to gather supplies and carry off a few relics from the ruined chateau situated there. One of the officers, while examining the remains of the second floor, came unexpectedly upon a hardly untouched master bedroom suite. There upon a luxurious four-poster lay the most enormous Airedale that he had ever seen. The poor beast was nearly starved and it crept hastily under the bed as the officer approached. The man promptly claimed the dog and named it "Louie" after a friend back in Scotland. After a good meal, although it hung back, the dog felt friskier and looked a great deal happier. When the time came to depart, however, Louie refused to leave his old home and had to be carted away on a limber with some squawking chickens, bits of furniture, valuable old busts, and some expensive vases and silverware taken from the recently bombed chateau. He soon settled down to his new life, however, seeing service in Soissons and the Albert sectors and many other parts.

During that year, Louie was trained as a watchdog and a first-aid carrier; he was remarkably intelligent and learned quickly and would have been greatly missed by the division. Louie was often exposed to fire and was sometimes wounded; this he did not mind as he would only lick his wounds, which were slight, and go off and continue to do his duty. At this time, too, he learned the difference, I suppose, of sound between a German or a British shell. Whenever an enemy shell went overhead, Louie would cower and whimper, whereas at other times he would carry on as usual.

After leaving Albert, his master took him with the division as a mascot. He took part in the advance from Amiens to the Canal du Nord, north of Peronne. From there he went to Lens, where he had the unique experience of breaking up a divisional conference in a dug-out at Double Crassier by starting a glorious fight with an Alsatian messenger dog belonging to G.S.O.I. He incidentally won the fight after losing a piece of his ear.

Louie remained with the headquarters of the 58th Bn.MGC until the "Armistice", after which he was shipped over to London, where he spent six months in quarantine before joining his master in Scotland. He died in 1932 at the probable age of nineteen (uncertain).

KILPATRICK II, Form IV.

The Editor had great difficulty in selecting a Lower School drawing, they were all so good. Hampson III drew this one with a pencil; he says he does not know the owner of the articles shown.

NANTUCKET ISLAND

God heed the bark
Through the midnight dark,
Till the homeward beacon gleams;
Safe port I'll make,
And refuge take
In my beautiful Isle of Dreams!

HENRY S. WYER, Nantucket.

IN the early part of the seventeenth century the New England colonies of Massachusetts Bay and Plymouth Colony formed a single colony under the name of Massachusetts Colony.

One of the main industries upon which this newly formed colony depended was that of whaling. Whaling was of great commercial value to these settlers. The headquarters for the New England industry, in fact the most important whaling station in the world, was Nantucket Island. When the whales were driven to the colder regions of the Arctic and Antarctic, Nantucket was superseded by other stations.

No longer was Nantucket a centre of the whaling industry but a monument to those courageous settlers who risked their lives to wrestle with the inhabitants of the deep, so that by their efforts they might bring prosperity to the newly formed colonies.

Nantucket Island is situated thirty miles off New Bedford on the Massachusetts coast and is the least spoiled and most nearly perfect example of pioneer life in America.

Yet with all its old-time appearance, it has all conveniences that modern living demands. To reach Nantucket one must make a journey either by plane or by boat. By taking the boat trip one experiences a touch of real ocean voyaging. After leaving New Bedford we steam past Wood's Hole and Martha's Vineyard, then out into the open sea. Soon we approach the island, and one of the first familiar sights to the returning visitor is the Cross Rip lightship, which guards the waters off the island.

Nantucket to-day is a haven to those seeking to get away from the hustle and bustle of city life; it is a retreat for the weary and overworked. It offers everything that adds to the enjoyment of the visitor. The rolling commons, historic landmarks, cobbled streets, sandy beaches and sea-atmosphere all combine to make a magnet, drawing in all those who desire a really enjoyable and restful holiday.

The climate is a delightful one, tempered as it is by the Gulf Stream. Electrical storms are rare, and heat waves are unknown; thus outdoor recreation is nearly always possible, whether it be fishing, cycling, boating, swimming, shooting or any of the many sports offered by this exceptional holiday resort.

The beauty of the island may be described by the words of Mark Twain, lovable author of many tales. "Mother Nature has surely formed Nantucket Island as a compensation for the barrenness of Sable Isle".

There are many picturesque villages and spots of interest on the island, but the quaintest and most beautiful of them all is Siasconset situated at the south-eastern end of the island.

This little community with its lovely rose covered cottages, typical English box-hedge bordering the narrow streets, and its old-fashioned simplicity and attractiveness, in the centre for holiday seeker visiting the island.

This village has every asset desired in a holiday resort.

There are many other beautiful and inviting villages on the island but none with the charm of S'conset.

Nantucket Island is constantly beckoning to everyone seeking the perfect holiday. With ample reason Nantucket is called the tourist's Paradise.

A. E. J. LANGLEY, Form III.

CRICKET

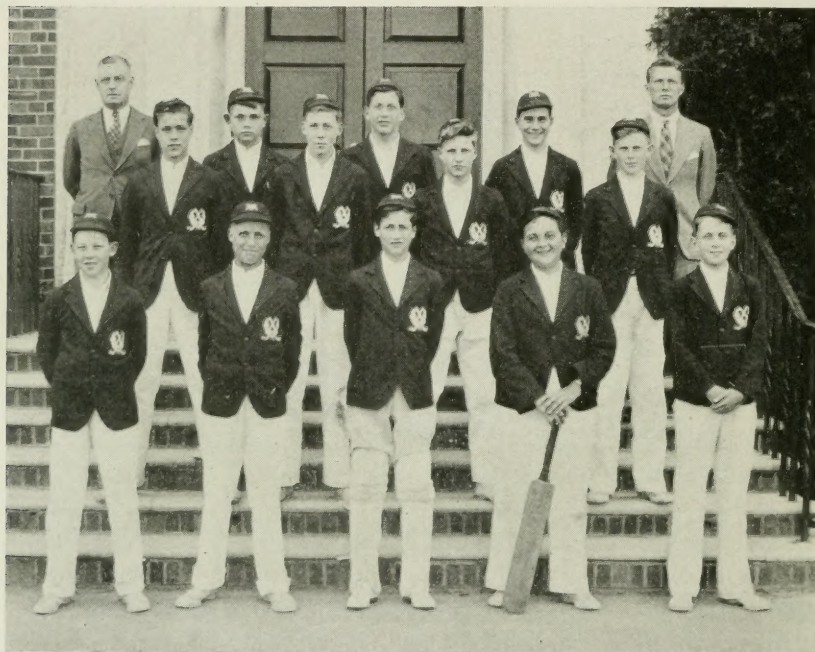

Early in the term the Lower School was divided into two squads, the first under Mr. Macrae, the second under Mr. Ives. From the first squad a team was finally selected and was ably captained by Fraser. The back athletic field was set aside for the use of Macdonald House only, and it was here that all our practices were held.

The first game of the season was played at Hillfield School in Hamilton on May 19th. This game being our first, the showing was not so good as might be expected. Hillfield won with a score of 91-40, their team being faster on the field and more efficient batters. Butler, Graham and Pollock batted well, while Beveridge, Peat and Glassco were the best for Hillfield. Butler took four wickets for S.A.C. and Calaghan put up a good game for Hillfield. Refreshments were served in the Headmaster's garden.

The second game was against Lakefield Preparatory School and was held in Aurora on May 26th. Lakefield put up a very good show and finally beat St. Andrew's by 5 runs. Wishart, Vaughan and Urquhart batted well and their bowling was good. For S.A.C., Mitchell, Brickenden, and Fraser batted exceptionally well, while Graham took four wickets. The weather for this game was poor.

The third game of the season was played at Aurora against Ridley on May 31st. The team from St. Catharines defeated us badly, the score being 131-43. Boswell and Drope bowled and batted well for the visitors, while Graham put up a good show in our favour. The visitors had a swim and refreshments before departing homewards.

On June 2nd, Macdonald House went to Lakefield where they were royally entertained, although the weather was bad. S.A.C. won their first match here by a score of 107-73. Butler, Augustine and Fraser batted well and Mitchell and Brickenden bowled very creditably. Butler managed to knock up 29 runs before being caught out. For Lakefield, Wishart and Hague were the best. Wishart scored 27 runs and Hague 24 before being

MACDONALD HOUSE CRICKET

First Row—Left to Right—C. B. Pollock, W. B. Butler, J. D. Fraser, R. L. Graham, J. R. M. Kilpatrick.

Second Row—Left to Right—G. M. Brickenden, H. B. Mitchell, H. J. Cody, M. C. Shirriff.

Third Row—Left to Right—T. B. D. Tudball, Esq., A. J. Augustine, D. P. Sabiston, R. S. Jolliffe, J. M. Macrae, Esq.

finally caught. Arnoldi bowled well for The Grove. At the beginning of the game the play was slow as it was raining considerably.

The cricket season this year was not as successful as it might have been, chiefly due to bad weather and the shortness of this term. Mr. Macrae, however, should be heartily congratulated for his excellent training of this team. Fraser also should be congratulated as captain and wicket-keeper.

LOWER SCHOOL AT APPLEBY

On June 8th the Lower School first team accompanied the Seconds to Appleby. The game resulted in a decisive victory for us. It was the best showing of the team so far during the season. The team as a whole took its time and displayed a steady and forceful bat against consistently good bowling by Beardmore II. Beardmore took five wickets. Dowding with 30 and Beardmore with 13 compiled most of the Appleby score. Fraser batted steadily to score 24 before he retired not out. Cody, in the best batting performance of the day, quickly knocked up 26 before being run out. Outside of these two men our score was fairly evenly divided amongst the rest of the team. Mitchell was our most effective bowler. Final score: Appleby 69; S.A.C. 127.

S.A.C.—Fraser, Butler, Cody, Mitchell, Augustine, Graham, Pollock, Cameron II, Brickenden, Joliffe, Shirriff.

HOCKEY

The Macdonald House Team was on the whole very successful this season, playing nine games and winning six of them. The weather conditions were, for the most part, favourable for these games. Early in December the boys, under the excellent training of Mr. Macrae, were coached and trained to a high pitch on the rinks every afternoon. They played between themselves, striving to obtain a position on a team that was to be chosen soon after the Christmas holidays. There were a few discoveries after the holidays and some of these earned a place on the team.

The first game of the season was played on Tuesday, January 18th at Appleby. Owing to a breakdown on the way, the team's first line were on the ice for a whole period and were therefore rather exhausted when their substitutes arrived. In the first period, Brickenden scored a goal unassisted while Appleby managed to get three goals. During this period the Oakville team obtained a lead which St. Andrew's was unable to overcome. The Appleby forward line was a continual threat as was Butler for S.A.C., who hit the goal-post three times without scoring. In the second period St. Andrew's scored three goals while the Oakville team also scored three, one after another. Being the first game of the season for both teams, there was less organization shown than in later games. This is in part the reason for the somewhat high score in favour of Appleby. During the last period the Crimson team gained a goal, as did the Oakville lads, ending the game with a decisive victory for Appleby, 8-5. After the game the St. Andrew's boys were entertained at the home of Mr. Macrae. The teams were as follows:

Appleby—Centre, Tizard; wings, Switzer, Davis; defense, Walsh, Angler; second line, Munn II, Parker, Tisdall; goal, Witton; substitutes, Fleming, Jackson, Clark.

St. Andrew's—Centre, Butler; wings, Fraser, Brickenden; defense, Sabiston, Hastings; second line, Mitchell II, Jolliffe, Cody; goal, Augustine; substitute, Silliman.

The second game with Appleby was played on January 27th at Aurora. This game was closely contested and only the excellent work of the visiting goal-keeper prevented the well-drilled St. Andrew's team from tallying. Butler broke through the Appleby defense four times, only to have his shots turned aside by Witton.

Beardmore scored the first goal for Appleby in the second period. Brickenden made it a deadlock early in the last period on a pass from Butler. Tisdall scored the winning goal for the Appleby team towards the end of the period. Beardmore, Tisdall and Davis carried the brunt of the attack for the visitors throughout the game; and for the Saints, Butler, Brickenden and Silliman played well. The final score was 2-1 favour Appleby, and the teams were somewhat the same as the former game with some exceptions.

The next game of the season was played against Ridley Prep. at St. Kitt's on Thursday, January 20th. This was, on the whole, an extremely evenly contested game, won after a hard struggle by St. Andrew's chiefly because they showed themselves superior in defensive play. Ridley, however, proved themselves to be a much faster and harder shooting team, and several times they managed to break through our defense, but were stopped by Augustine in the nets. But the Andrean wings covered up well and kept their opponents' chances of scoring at a minimum.

The Ridley defense were light, but Drope in goal made it very difficult for the Crimson team to score. Short passes in front of the nets were the only attacks that succeeded, chiefly because of the goal-keeper's splendid form. Augustine and the Andrean defense also played an excellent game, the former safely turning away the difficult Ridley shots. Besides Drope, in the visitors' nets, the first Ridley line were outstanding, while Butler, Brickenden and Fraser were responsible for St. Andrew's goals. The Ridley team was as follows: Goal, Drope; defense, Stevenson, Morrison; centre, Cronyn; wings, Boswell, Cameron; substitutes, Schmon, Tait, Schmidt, Hunt.

The second game played with Ridley on February 1st at Aurora, showed how important defensive tactics are; for in the Aurora arena, on fine ice, the fast skating Ridley team earned the decisive victory of 5-1. The excellent playing of the visiting goalie, Drope, accounted for the

Andreens' low score, and the visitors' marksmanship and speed gained them very clear-cut goals. Fast breaks and superior shooting ability gave Ridley the lead; and while St. Andrew's turned back many rushes they were unable to keep up with their orange and black opponents. It is the first time in many years that these two teams have met, and the splendid games played make us hope that we shall continue to see each other every season. On the whole, the best players for St. Andrew's were Butler, Brickenden and Fraser, the former having scored our only goal, and for Ridley, Cronyn, Drope and Morrison played well. The teams were as follows:

Ridley: Goal, Drope; defense, Stevenson, Morrison; centre, Cronyn; wings, Boswell, Cameron; substitutes, Schmon, Tait, Schmidt, Hunt.

St. Andrew's: Goal, Augustine; defense, Sabiston, Hastings; centre, Butler; wings, Brickenden, Fraser; substitutes, Mitchell, Cody, Silliman, Jolliffe, Meredith.

The first game with Trinity 6th team was held on Saturday, February 5th at Port Hope. Unfortunately, the weather was very bad on this day, and the ice was in extremely poor shape, with the result that the game failed to be a fair test of the two teams. Finally, however, after much slugging and slashing the St. Andrew's boys were able to obtain a lead of 4 to 0. Morris, for Port Hope, displayed a powerful shot which, had it been on good ice would surely have tallied.

The game was highly amusing and was enjoyed by both sides, though the finer points of hockey were hardly recognizable. The teams were as follows:

T.C.S.—Goal, Beardshaw; defense, Pochon, McConnell; wings, Wills, Morris; centre, Russell; substitutes, Robertson, Heaven, McIvor.

S.A.C.—Goal, Augustine; defense, Hastings, Sabiston; wings, Fraser, Brickenden; centre, Butler; substitutes, Mitchell, Cody, Jolliffe.

The second game with T.C.S. was held in Aurora on Wednesday, February 16th. This time the weather was fine and the teams played splendidly. Led by Butler, our star centre, the St. Andrew's team tallied four times before Trinity rallied and broke into the scoring. Butler, who accounted for two goals and one assist, played an excellent game for St. Andrew's, as did Fraser, Sabiston, Silliman and Brickenden, who each managed to score. The T.C.S. defense was light, but this was made up for by the brilliant work of the wings, Wills and Morris, who scored one goal each and carried the brunt of the attack. The final score was 6-2 in favour of St. Andrew's, who displayed such splendid form during the game. The teams were the same as for the last game. This was, on the whole, a much better exhibition than had been expected from either team.

The next two games, played with Lakefield Preparatory School, were very good examples of hockey. The first of these, played on Wednesday, February 2nd at Lakefield, was won by St. Andrew's. For this game a team was chosen from Macdonald House made up of boys not over fourteen years of age. This included our usual defiant defense of Sabiston and Hastings, and also the scoring threat of Butler.

The game was fast, and showed some brilliant hockey. Butler rather monopolized the show in the opening period by netting five solo goals. Towards the end of this period, however, Lakefield formed two well-timed plays, enabling both Vaughan and Caldwell to make threatening shots on the St. Andrew's net. In the 2nd period The Grove pressed hard by playing five men up, but during this time, Meredith broke away and scored a beautiful solo goal for S.A.C. Butler and Sabiston also scored during this period. Lakefield strengthened in the last stanza and after repeated efforts, Vaughan obtained a well-earned goal on a shot from right wing. Sabiston and Butler again tallied for S.A.C.; and Silliman sent a high, hard shot to the corner of the net and put himself on the scoring sheet.

St. Andrew's seemed faster on the whole, than The Grove, and stronger defensively. Butler's eight goals made the score too high to represent the play, for actually the Grove's stubborn resistance kept the game exciting throughout. The final result was 11-1 and the teams were as follows:

L.P.S.—McLean, Wishart, Tilley, Phillips, Arnold, Perry, Vaughan, Caldwell, Hague, Urquhart.

S.A.C.—Butler, Jolliffe, Sabiston, Silliman, Meredith, Pilley, Hastings, Augustine, Hampson III, Franceschini.

The second game with Lakefield was held in the Aurora Arena on February 12th. This, too, was a fast game and within two minutes both S.A.C. and the Grove had scored. In the first period St. Andrew's was hard pressed, but after a scrimmage in front of our nets Butler raced down the ice for his second goal unassisted. Lakefield played a great game throughout and held their own easily; their goal-keeper played well and turned aside many difficult shots. Several times The Grove broke through the St. Andrew's defense and scored. Sabiston, Butler, Silliman and Jolliffe played an excellent game for St. Andrew's, while Tilley, Vaughan, Wishart, and Farehair stood the brunt of our attack for L.P.S. The final score was in St. Andrew's favour by six points, this being a decided improvement from the former game. The Grove put up a hard fight and should receive praise for their doggedness.

This year two games were played with St. Paul's School. The teams were made up of boys under fourteen. The first game, played at Wanless

Park, was very closely contested throughout. In the second period both teams scored, Matthews for St. Paul's and Silliman for S.A.C. In the last period S.A.C. was a great threat for about 5 minutes but the excellent work of McLaren in St. Paul's nets kept S.A.C. from obtaining a lead. Hubbard and McLaren were outstanding for St. Paul's while McKenzie, Hampson and Franceschini for St. Andrew's deserve mention.

St. Paul's—Goal, McLaren; defense, Schwartz, Pringle; forwards, Thompson, Matthews; centre, Hubbard; substitutes, Lowry, Anderson.

St. Andrew's—Goal, Booth; defense, Hastings, Sabiston; centre, Franceschini, Hampson; centre, McKenzie; substitutes, Hamilton, Silliman.

The second game with St. Paul's was held in Aurora on February 4th. The teams were evenly matched though St. Paul's lost 7 to 0. Hampson and McKenzie teamed up well and tallied on two occasions for the Saints. St. Paul's broke through the defense several times only to have their shots turned aside by Booth, the Andrean goaler. Sabiston played an outstanding game for the crimson and white team by getting a goal and two assists. Matthews, Thompson and Hubbard were good for the visitors. The teams were as follows:

St. Paul's—Goal, McLaren; defense, Pringle, Schwartz; centre, Matthews; wings, Hubbard, Thompson; substitutes, Lowry, Patton, Houston.

St. Andrew's—Goal, Booth; defense, Hastings, Sabiston;; centre, Hampson; wings, McKenzie, Franceschini; substitutes, Jolliffe, Silliman, Meredith.

The following boys on the Macdonald House first Hockey team received their colours: Augustine, Brickenden, Butler, Cody, Fraser, Hastings, Sabiston, Silliman.

The Hockey season is over, and we can truly say we never had a better one. Congratulations, Mr. Macrae, for your fine work and also for the records of these games. We hope to have an equally successful team next year.

Barber—"Your hair is turning grey."

Hampson III—"I'm not surprised, look how long I've been waiting in here."

* * *

Dentist—"You wish an appointment?"

Chinaman (on the phone)—"Can you extract a tooth for me this afternoon?"

Dentist—"Yes, certainly. Two thirty?"

Chinaman—"Yes. Tooth hurty vellee much."

Miss De Vigne—"Now Buddy, wouldn't you like to have a nice cake with ten candles on it for your birthday?"

Gamble—"I think I'd rather have ten cakes and one candle, Miss De Vigne."

Mr. Macrae—"If you had two dollars and a quarter in one pocket and five dollars and fifty cents in the other, what would you have?"

Cameron I—"Someone else's trousers on sir."

* * *

Graham—"You look as if you had been in a famine."

Mitchell—"And you look as if you had caused it."

* * *

Mr. Tudball (to Mulock)—"What are you going to be Alfred?"

Mulock—"I don't know whether to be a barber or an author."

Mr. Tudball—"Toss for it. Heads or tails."

* * *

Hunter—"You woke me out of a sound sleep."

Brickenden—"I had to; the sound was too loud."

OLD BOYS' NEWS

You old boys are so keen, and Gordon Hewitt has sent up so much material at different times that the editor is beginning to wonder if he can properly collate or homologate all the dope. Miss Brooks wins full marks for the meticulous care evinced in spotting news items about you. All I can say is "We like you. We want to see you. We're doing our best to follow in the footsteps of those many of you worth following". Maybe we aren't getting along; we'd like a football team like some of yours. We'd like it more than you would. If you can't play for our team, teach your boy to kick and carry the ball and then send him up here.

* * *

ABRIDGED MINUTES OF THE ANNUAL GENERAL MEETING OF THE OLD BOYS' ASSOCIATION HELD ON FRIDAY, APRIL 29th, 1938

The President, Roy McMurtry, was in the Chair and the Secretary, Gordon W. Hewitt, acted as Secretary of the Meeting.

The President announced that the Executive Committee had wished to make some suitable recognition of the many courtesies extended to the Old Boys by the Headmaster and, also, to afford to him opportunities for wider contacts among the business men of Toronto, and had decided to present to the Headmaster a membership in the Toronto Board of Trade. He then called on Col. K. R. Marshall, President of the Board of Trade, who presented the Certificate of Membership to Mr. Ketchum and outlined the activities of the Board of Trade, mentioning some of the advantages which the Headmaster might derive from his membership and the contribution which he would be able to make to the Board and to the community through such association.

The Headmaster expressed his appreciation to Col. Marshall and to the Old Boys' Association, welcoming the opportunity which the Board of Trade might give of contact with the business community.

The Minutes of the last Annual Meeting were read by the Secretary and on motion duly seconded the Minutes were adopted.

Treasurer's Report—Mark Sprott read the Treasurer's Report showing total receipts of \$695.65 and total expenditures of \$702.15. The balance on hand as at February 28th, 1937, was shown as \$125.36 and at February 28th, 1938, as \$118.86.

Auditor's Report—The Auditor's Report was presented by Robert E. Waller, Chartered Accountant and member of the Association.

On motion duly seconded the Treasurer's Report and Auditor's Report were adopted.

The President then reviewed the activities of the past year including the following events:

1. May 2, 1937—Cadet Corps Church Parade and Old Boys' Service held at St. Paul's Church.
2. May 24, 1937—Old Boys' Day and Cricket Matches held at Aurora as guests of the School.
3. June 18, 1937—Golf Tournament at Summit Golf Club.
4. August 20-23, 1937—Week-end at Camp Kagawong for Old Boys and their sons. Held by courtesy of Ernie Chapman.
5. February 15, 1938—Old Boys' Hockey Game at Aurora when dinner was provided by the School after the game.

6. April 23, 1938—The Old Boys' Dinner at which the Old Boys were again the guests of the School and Mr. Graham Towers, Chairman of the Bank of Canada and one of our most outstanding Old Boys, was guest of honour and speaker of the evening. Reference was made to the fact that Gordon McGregor of Ottawa, twice winner of the Webster Flying Trophy, had flown to Toronto to attend the Dinner.

The Secretary was directed to write to Ernie Chapman, expressing

appreciation on behalf of the Association for the hospitality extended to Old Boys and their sons at Camp Kagawong last August.

The President thanked the Headmaster for his support and for the many courtesies extended to the Old Boys and to the Association during the year and he pledged anew the loyalty of the Old Boys to the Headmaster and to the School in all their activities.

The President also thanked Alan Ramsey for his never-failing readiness to assist the executive committee in all its projects. He also thanked the Press and Dillon Stubbings for the press notices which had been accorded to the various functions of the Association.

The Secretary was the grateful recipient of a handsome silver-mounted

Malacca walking cane, presented on behalf of the Association by the President, in recognition of his services during the past two years.

The President announced that pursuant to the authority and direction given to them at the last Annual Meeting, the Executive Committee had designated the following members to continue in office for a further term of one year: R. Roy McMurtry, Gordon W. Hewitt, Mark Sprott, Paul Flemming, R. C. Kilgour Jr., and Allen Findley.

He further announced that under the same authority and direction the Executive Committee nominated the following Old Boys for election for a term of two years: John S. Galbraith, Dr. K. G. McKenzie, Dr. Staunton Wishart, Frederick Rowell, William H. Adams, and Donald D. Carrick.

On motion duly seconded, nominations were closed and the members above named were declared duly elected.

The President declared an adjournment for five minutes while the Executive Committee met to elect officers and on the resumption of the Annual Meeting the following officers were reported to have been elected: President, Dr. Staunton Wishart; Vice-President, Paul Flemming; Secretary, Gordon W. Hewitt; Treasurer, Mark Sprott; Auditor, Robert E. Waller.

The report was received by the meeting with acclamation.

Dr. Staunton Wishart was called upon to take the chair, amid the applause of the members. He graciously acknowledged the honour which had been conferred upon him and expressed the hope that he would be favoured with the same loyal support which had been given his predecessor by the executive and the general membership of the Association.

On motion by Alan Ramsey, seconded by Jack Galbraith, the appreciation of the meeting was expressed to Roy McMurtry for the leadership which had been given during his term of office in placing the Association in the strong position which it now occupies.

The meeting then adjourned.

About forty members attended the meeting and refreshments were provided by the Association.

OLD BOYS' DINNER

The Old Boys' Dinner was held at the School on April 23rd. The Headmaster welcomed the two hundred (record) old boys as they arrived, and before dinner everyone was warming the cockles of his heart in front of Mr. Ketchum's fire.

Came the dinner. Pipers (old boys can still pipe) played in the guests. At the head table were seated: The Headmaster, Mr. Ketchum, Dr. Macdonald, Graham Towers, Sir Joseph Flavell, The Honourable Mr. Justice

Greene, R. E. Grass, K.C., Gordon Cassels, Allan Findlay, Paul Fleming, J. S. Galbraith, Dr. Robinson, and R. C. Kilgour.

Somebody had produced a haggis, and with due ceremony it was carried through the spacious hall surrounded by piping pipers. Masters past and present were called on for remarks. The Headmaster, Mr. Ketchum, appropriately welcomed the old boys to their old school of which he said he was their steward, and while outside the room was solemnly piped in the silence "The Flowers of the Forest", everyone stood in quiet memory of the one hundred and six old boys who one by one laid down their lives unselfishly between 1914 and 1918.

Mr. Ketchum called on Dr. Macdonald to introduce our old boy Graham Towers, Governor of the Bank of Canada. Mr. Towers' speech was headlined by the press as national news appurtenant to his office (which no doubt it was) and we here quote the *Globe and Mail*.

"I think that we in Canada are passing through a very difficult transition stage," said Graham F. Towers, Governor of the Bank of Canada, addressing the St. Andrew's College Old Boys' Association at the Annual dinner on Saturday night. "Canada," he said, "is no longer a pioneer country. It has changed from the stage of rapid progress to one of more moderate development, which may not warrant very large capital expenditures on the scale of the past."

"There is likely to be considerable difficulty in governing Canada, which is not a pioneer country, and which has increased its social responsibilities," Mr. Towers said. "We have not yet developed the experience of administering our affairs under these conditions," he stated.

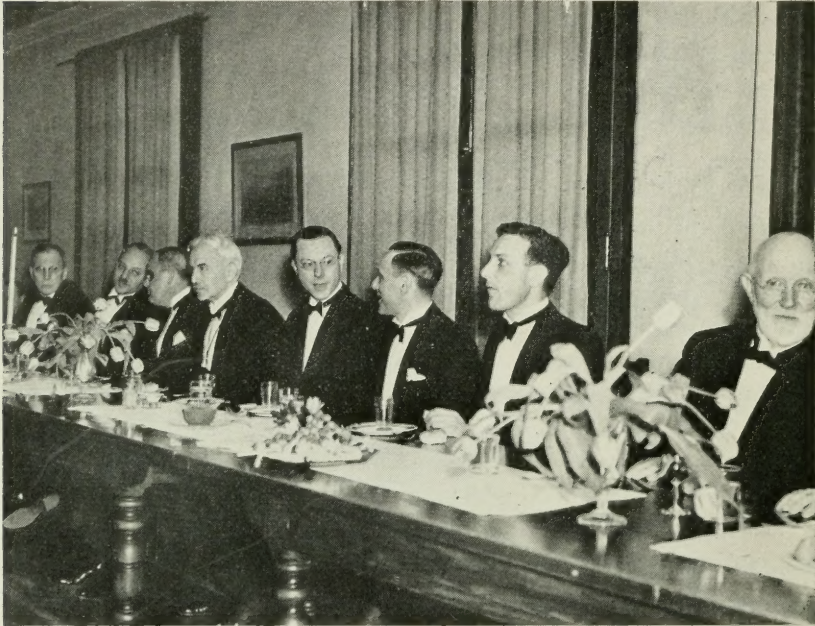

Discussing central banking, Mr. Towers said that the first responsibility of the central bank is to decide the amount of cash needed in the country. "The amount of the cash reserves of the commercial banks," he said, "is determined down to the last dollar by the action of the Bank of Canada." He explained that the cash reserves of the commercial banks, in turn, determine the volume of credit available.

"There is no book which one can open which will tell just what action is appropriate at the given moment," said Mr. Towers. "Central bank policy in governing credit conditions depends upon study of the volume of business and many other factors. In countries that have central banks, the government has the final say in matters of monetary policy. Yet this does not detract from the value of central banks," he said. "It has always been a mistake in recent years," he stated, "to say that a central bank was not necessary in Canada."

In introducing Mr. Towers as a St. Andrew's College old boy, Dr. Bruce Macdonald, former headmaster of the college, expressed gratification

with the achievements of the bank governor, with whom he had been associated. Dr. Macdonald said that Mr. Towers's success had given intense pleasure to the boys of the school.

Roy R. McMurtry, president of the old boys' association, conferred an honorary life membership in the association on Mr. Justice Greene of the Supreme Court of Ontario, who was formerly a house master of the

Head Table at the Old Boys' Dinner.

*Left to Right—Mr. R. E. Grass, Mr. J. S. Galbraith, Mr. R. C. Kilgour,
Dr. D. Bruce Macdonald, Mr. Graham F. Towers, Mr. Roy R. McMurtry,
Mr. Kenneth Ketchum, Sir Joseph Flavelle.*

college. Mr. Justice Greene expressed pleasure of being taken into the association, as one who had never been a pupil at the college.

Mr. McMurtry announced that the annual school versus the old boys cricket match would take place May 24 at Aurora. A church parade is to be held Sunday, May 22, and a special old boys' service is to be held at the Westminster Central Church in Toronto.

"Mac's" caricatures at the Dinner.

MAY 24th

The much-heralded Old Boys' Day came off in good style on the Queen's birthday, with a large number of old boys and their wives and children present.

The cricket game, which is reported earlier in this issue, was the big event of the day. There was another cricket game, in which the old boys were decisively victorious, and which took place simultaneously. Unfortunately we cannot report it adequately, for the new-boy, who was detailed to score, thought that a batter making one run was left on base, and was not entitled to be scored unless he got back to the home plate. Notwithstanding this, there was no doubt that the Old Boys soundly trimmed our Under Seventeen squad.

Perhaps the acme of the day's excitement was the "Outdoor Field Sports, Games and Contests" for the younger fry. We unfortunately have no record of the winner of the "Backward Egg and Spoon Race", or the "Bite the Apple Match", but competition ran keenly for half an hour, and the tilt of an eight-year-old head, and the smile of somebody's daughter were pretty nice to see. Your editor believes Mr. Griffiths was crooked in awarding the prizes, for every young son-of-an-Andrean (or daughter) seemed to win a chocolate bar at least. But Griff is like that.

* * *

OLD BOYS' TOURNAMENT TO-DAY, JUNE 24TH

The Annual Old Boys' Golf Tournament is at Summit on Friday, June 24th, with play beginning at 1 p.m. Dinner is at 7.30 p.m. at Summit. If you won't play golf, you may play tennis and swim at the school, and join the boys for dinner.

* * *

Ernie Chapman's Camp Kagawong week-end is from August 12th to 15th, and he extends his usual hearty welcome to all old boys to repeat the successful "do" that was had last summer. Reservations should be made with the Secretary of the Old Boys' Association. There will be room for twenty-five, and the charge is nominal. It is purely an S.A.C. week-end, and is a great opportunity for old boys to kill two birds with one stone, viz.: amuse the son, and see the boys. Ernie looks after the sons, and you look after yourself.

LETTERS FROM OLD BOYS

In reply to a letter written by Gordon Hewitt, to find out the whereabouts of some of the Old Boys in Mexico, Pedro Martin (1907-1910) writes as follows:

"I received your very welcome letter of the 5th instant and was glad

to get the names you mention. I met John Howell some time ago, as a matter of fact, some years ago, but have not seen him since. If he is still with the Telephone Company I shall make a point to see him soon. Herschkovitz was well known to me when I was a kid, but he attended S.A.C. after I had left. Charley P. Martin, Jr., happens to be my brother. He was in Guadalajara, in the State of Jalisco, for some years, attending to a ranch but has now lived here for the past two or three years. His wife went to New York in 1936, and before coming back went to Toronto and visited the School. My brother has a boy 11 years old, and my sister-in-law wanted to see our old School. However, with reigning conditions in Mexico it is hard to send a boy away; exchange is about 4.25 pesos Mex. per Canadian dollar, whereas when we went to S.A.C. exchange was around 2 x 1. You will readily see how difficult it is to send a boy up there now. I shall try to contact with Edmund Noonan, who you say is connected with the Cinema Olimpia here.

I have often wondered what ever became of old Eby Sutherland, who left the School in 1910. I have written to the School several times but have not been able to learn whether he is still alive and kicking. (If anyone reading this letter knows Sutherland's address, we would be glad if they would send it in to the School.) I obtained Quentin Shirriff's address and wrote him a lengthy letter about 6 years ago, but never received the slightest answer. I have heard Rubber McKenzie is one of your best Surgeons. Old Rubber was certainly a good man right from the start. He might not remember me, but if you ever see him give him my kind regards. He had a room in the middle flat at Rosedale together with Red Shirriff and Eby Sutherland. All those old memories come back to me and I would certainly like to visit the School again some day. I myself have two boys; 10 and 9 years old, and if conditions get better I surely would like to send them up inside of two or three years. We have been hard hit in Mexico, but these chaotic conditions cannot last forever.

You talk about Fencing. My brother, Charley, was Senior Champion in 1910 and I was Junior Champion that year. "Dingle" Bell used to fence with us, as well as Yuile. When did you win the Junior Championship? Mr. Chapman was our Instructor in those days. Have they kept up Fencing?

Well, it was good to hear from you. I shall always be pleased to receive any news from you, as it revives my old days at School. I can still remember working house-lates off by going and saddling A. E. Taylor's horse for him. This usually meant two house-lates worked off, and meant going down to Shea's in time for the Saturday afternoon show."

John T. Rose (1911-1916):

"105 Collingwood Ave.,
Detroit, Mich.,
April 14th, 1938.

May a "furriner", by choice, and a backslider by procrastination, be permitted to renew his membership? Every time I receive a notice from you I intend to write—but something always happens. So here's my two dollars. Regret I won't be able to attend any of the meetings—wish the Old Boys' Day and Cricket Match was a week later—expect to be home then. I feel very much out of touch with S.A.C. doings. I hope the Misses Brookes are still on hand—last time I dropped in it only took a minute to find my card—you might tell her I'm still Credit Manager at Crowley, Milner & Co. (second largest Department Store in Detroit, said he, getting in an advertising plug). Will you please, if you think of it, present my best to Dr. "Mac", and all members of the staff who very kindly pounded knowledge into my unwilling brain? I'd appreciate that a lot. If you run across Harry Watson, and any others of my S.A.C. days give 'em my regards. All of which is a horribly roundabout way of wishing the Association all best of luck for now and all time to come."

Dec. 17th, 1937.

Letter to Ross Osborne:

Have received three letters from you recently. The last one came a few days ago, telling that Mrs. Macdonald had passed away and was buried in Aurora. She was certainly good and kind to us when we were in School.

Several weeks ago I visited the East Coast of the Island where dwell some 50,000 Ami tribe. Well, they are interesting people, living in large grass houses, and riding on buffaloes wherever they go. They smoke and chew a lot of bettlenuts, and that makes the teeth as black as ebony. Then there were other tribes with their faces tatoored. There were former head-hunters. In all I visited thirteen mission stations and I had many services with the Christians. All our pastors and preachers on that side of the Island were my former pupils. It seemed such a little while since they were here in Tamsui studying, and now they are out preaching.

Over on that side they have such slow and tiring trains. The express train runs at the rate of about 13 miles an hour, and you have to pay extra to have the privilege of riding in such a fast train.

It is much hotter over there and they grow quite a lot of bananas, cocoa-nuts, cotton, rice, pea-nuts, and sugar-cane. The people are most friendly and could not do enough for me. I had to drink large quantities of tea wherever I went and when one visited 20 or more families in an

afternoon, and since tea was served in every home, the quantity one consumed was indeed considerable.

There were also hundreds of Pipo tribe who are Christians. At one village there were 400 Christians and they had large red posters in their sitting rooms, with such characters written on—"We are Christians", "We worship God", "God is Great". They were not ashamed to show their colours. Most of them are good singers, like most of the Malay people.

Perhaps you have seen in the papers reference to the wreck of the Dollar Steamship "Hoover". It went aground on a little island not far from the mainland of this island. I saw that island when I was over there. About 2,500 people live there and they raise a lot of deer and antelopes.

(Signed) George W. Mackay. (S.A.C. 1902-1905)

(The Rev. George W. MacKay was Principal of a Boys' School in Tamsui, Formosa. About 70 boys in the School—mostly Chinese. This School corresponded to the Canadian High School. However, as the Government has now taken over the schools in Formosa, MacKay is carrying on evangelistic work throughout the country. He finds it more interesting than teaching in a school.)

NEWS

1902—The firm of Forsey Page and Steel was awarded a prize in the architectural contest conducted by the Finance Department as part of the programme carried on under the Dominion Housing Act. 300 designs were submitted.

1903-11—Lieut. Col. J. D. Fraser, V.D., A.D.C., officer commanding the 4th Princess Louise Dragoon Guards, will head the Canadian Rifle Team to the Empire meeting in June at Bisley.

1907-12—R. O. G. Morton, who has been living in Esquimalt, B.C., for some time, is now with National Defence Headquarters, Ottawa.

1908-10—Judge John F. McKinley, who is Judge of The Family Court, Ottawa, and Chairman of the Ontario Parole Board, has been appointed a Director of the Capital Trust Corporation, Ltd.

1908-10—J. E. H. (Pep) Paisley, is with the Public Works Department at Lagos, Nigeria, West Africa.

1911-12—Stafford G. Rice, who has been with E. A. Pierce & Co., has now been appointed Sales Manager of Angus & Company, members of the Toronto Stock Exchange.

1912-19—Joseph E. McDougall has been living in Montreal for some time. He is with J. Walter Thomson Co., Dominion Square Building.

1913-17—On April 20th, 1938, Norman M. MacLeod, president of the parliamentary press gallery at Ottawa, gave an address at the Empire Club Luncheon.

1914-16—Harry Watson advises us that the firm of Messrs. Watson & McVittie, Insurance Brokers, have removed their office to Room 439, Confederation Life Building.

1918-20—Gordon R. McGregor (Montreal) is now in Ottawa with the Bell Telephone Company. On April the 23rd he flew from Kingston to Toronto in order to be present at the Old Boys' Dinner. McGregor has twice won the Webster Trophy, which is given for competition among non-commercial fliers, and is open also to the Royal Air Force. The winner of this trophy is recognized as the best Amateur Pilot in Canada.

1921-28—David K. Rea is in the Supervisor's Department of The Royal Bank of Canada in Toronto.

1922-27—Robert W. Armstrong has been appointed Aide-de-Camp to His Honour the Lieutenant Governor of Ontario.

1922-26—G. Desmond O'Connor is in England with The Royal Engineers and expects to go with his regiment to Egypt in the near future.

1924-30—Congratulations to the Rev. W. Gerald Burch on his graduation from Wycville College.

1924-26—Alan Y. Eaton is attending Corpus Christi College, Cambridge.

1926-27—Bertram Maura (Nassau, N.P.) was ordained into the ministry of the United Church of Canada on June 5th at a Toronto Conference Service in St. Paul's Church.

1926-36—W. L. Cox played rugby for McGill Intermediates.

1927-33—A. F. Graham is in 5th Year Medicine, having passed his Primary examination toward his F.R.C.S. He was intercollegiate Boxing champion in his weight (1936-1937).

1927-32—James H. Flemming of Montreal is now with the St. Catherines Street Branch of the Bank of Nova Scotia. He paid a short visit to the School during the Winter Term.

1928-33—E. Stuart Macdonald was individual Gymnasium Champion of the Inter-faculty competition. He is in Fourth Year Medicine.

1928-33—J. H. Hamilton is working for General Electric, after graduating in Political Science last year.

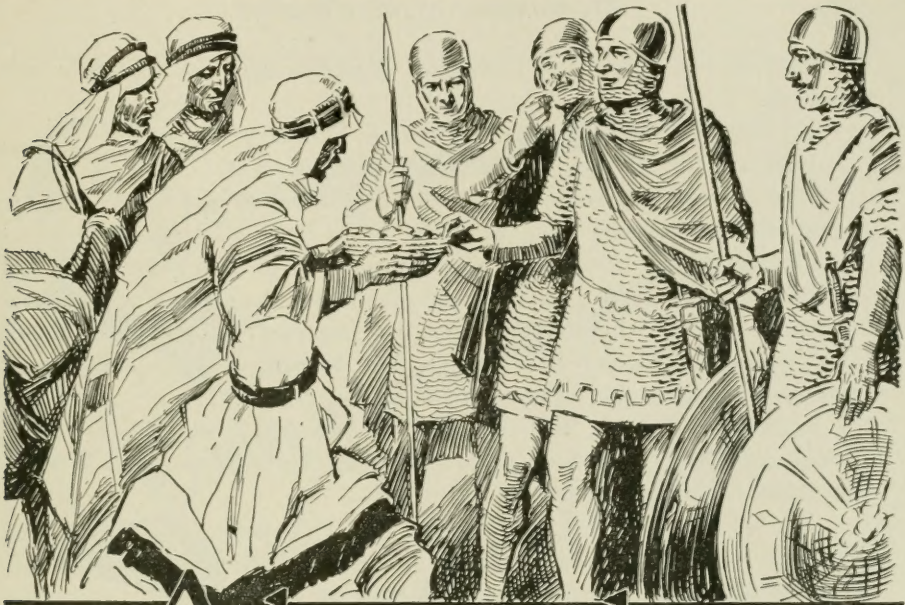

1928-35—John H. Donovan is with the International Petroleum Co. in Talara, Peru, S.A.

1929-34—Grant Donnelly is in Second Year Medicine at McGill and is on the McGill Gymnasium Team.

1931-34—Harold Cox is with the Bank of Nova Scotia.

1931-32—W. Leslie MacKay is in newspaper work, care of Stuart Vernon Ltd., Radlett, Herts, England.

1931-32—Charles N. Fowler is in his 3rd Year at Varsity and played football and lacrosse for University College.

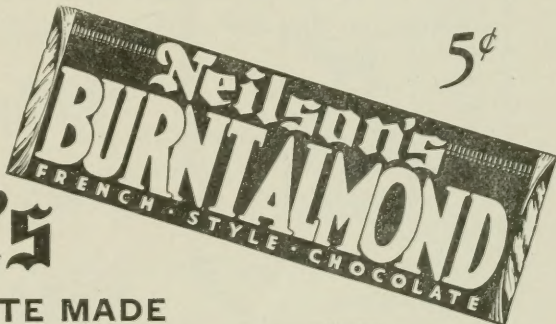

Almonds...

were first known in Southwestern Asia

THE origin of the almond is a matter of conjecture, so long has it been known. It is supposed to be a native of Southwestern Asia and the Mediterranean region. There are two types, the bitter and sweet. The bitter almond appears to be the original, the sweet may have been an accidental variety. Today the latter is grown extensively in Southern Europe and in California. The almond was known

in England in the 11th century as the "Eastern Nutte-Beam." It is used to some extent in medicinal and other preparations, but the nuts are chiefly used for eating. There are hard shell, soft shell and some specially thin-shelled varieties known as paper shells. The long almonds of Malaya, known as Jordan almonds and the broad almonds of Valencia are the most valued.

Neilson's use only the finest selected almonds in their confections. For example, the Burnt Almond Bar—the aristocrat of all Chocolate Bars—contains the choicest of freshly roasted almonds and rich, delicious French style chocolate. You'll enjoy it—any time.

Neilson's

THE BEST CHOCOLATE MADE

HS37B

1931-32—Melville W. Thompson played rugby for Queen's last Autumn.

1934-36—C. M. Cornish is in 1st Year Dentistry.

1934-36—Bill Brydon is in Mechanical Engineering, U. of T.

1935-37—Arthur Kilgour won the cup for the best speech at the twenty-fifth anniversary banquet at the Theta Delta Chi Fraternity.

1936-37—Beric Pocklington was instrumental in saving the life of his brother, Neville, on May the 6th, when the latter was attempting to rescue Leonard Bodian, whose sailing-boat had capsized in Grenadier Pond. Bodian was unfortunately drowned, but both Neville and Beric Pocklington displayed much courage in trying to avert the tragedy.

R. Roy McMurtry (1915-19), and J. E. Ganong (1913-20), are practising Law under the partnership of Chitty, McMurtry, Ganong, & Wright, the Atlas Building, 350 Bay St.

The following Old Boys are in Law: W. H. Adams (1929-35), Third Year; E. C. Gerhart (1935-36), First Year. Peter Parker (1928-33), has graduated from Varsity and is in First Year Law.

We are always glad to have Old Boys call in at the School. So far this term, the following have dropped in: Donald MacAskill, Charles Cornish, Charles MacIntosh, Tom Brydon, Jim Flemming (Montreal), Jim Henderson, Scott Montgomery, Lawrence Junkin, W. O. Turner, W. G. Finlay, David Morton, Charles Tisdall, David Dickie, Austin Thompson, A. D. Stubbings, Dyson Slater, Goodwin Harris, Victor Miller, Dr. Staunton Wishart, Dr. Kenneth McKenzie, Bob Ruddy, Fred Hume, Jack Ackerman, Alan Sampson, W. B. McPherson, Rex Stollmeyer (Montreal), Stewart and Guy Patterson, "Chap" Kilmer, Allan Ramsey, George Leishman, E. H. Norrie, Jack Easson, Joe Annand, George McLean, Bob Hannam, Sam Beauregard, Bruce Burry, Victor Diver, Edward Dodd, Peter Howe, Allan Findley, Hugh Firstbrook, Allan P. Fisher, Gordon Girvan, and others.

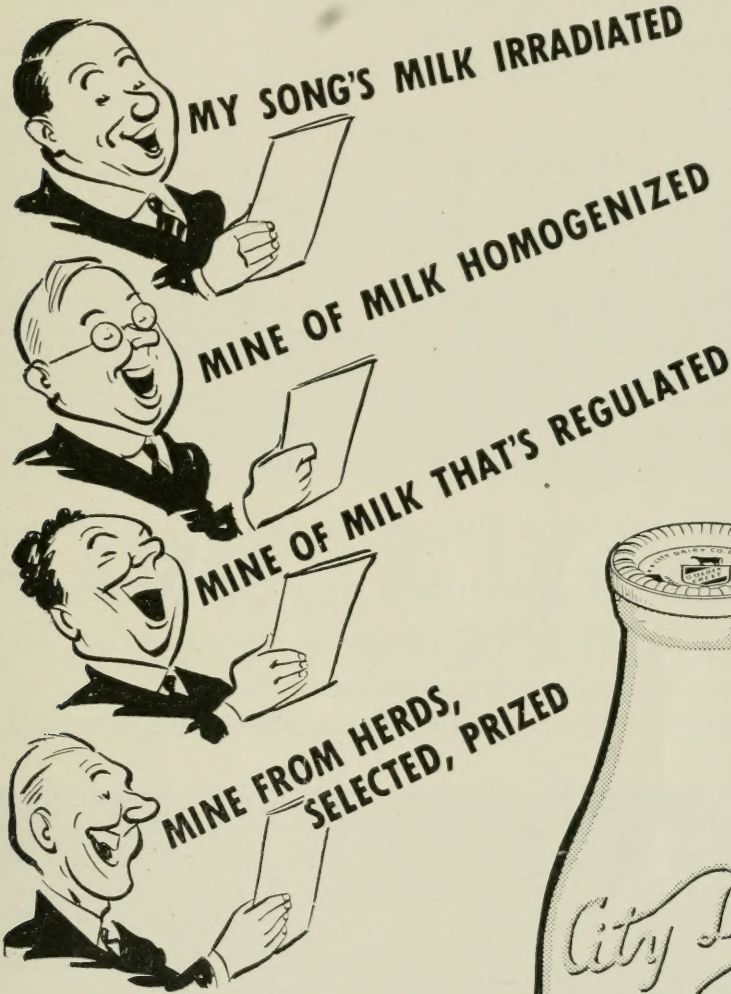

The whole School extends sincere sympathy with Mr. and Mrs. Lloyd A. Hertell in the death of their son, William Alexander, aged 4 years and 7 months, on May 23rd, 1938.

TRINITY COLLEGE

IN THE UNIVERSITY OF TORONTO

Trinity College, federated with the University, is one of the Arts Colleges of the University and includes:

1. A Faculty of Arts providing instruction for students in classes of limited size in all subjects taught by the colleges.
2. The full advantages of Federation with the University, instruction by its Professors, qualification for its Scholarships and Degrees, with its Library, Laboratories and Athletic facilities and membership in Hart House.
3. A Faculty of Divinity in which Trinity exercises its University powers of conferring degrees and prepares candidates for the ministry of the Church.
4. Residences under College regulations for men—"Trinity House"; and for women students—"St. Hilda's"; also for members of the academic staff.
5. The new residence for women students, known as St. Hilda's, will be opened in September, 1938.
6. The Scholarships offered by the College have recently been revised and largely increased. Full particulars will be supplied on request.

For information concerning Scholarships, Exhibitions, Bursaries, etc., address

"Doctor," said the sick man, "the other doctors seem to differ from you in their diagnosis of my trouble."

"I know," replied the doctor, cheerfully, "but the post-mortem will show that I was right."

* * *

Milty's a great musician. He went from Bach to Beethoven and Bach again.

* * *

A college student (Ank?) had failed to pass his exams. Wishing to break the news gently to his parents, he sent the following wire to his brother:

"Have failed exams. Prepare father."

The brother replied:

"Father prepared. Prepare yourself."

* * *

Mr. Goodman—"Macorra, are you belching?"

Macorra—"No sir, I am Mexican."

* * *

Sergeant-Major Archibald—"Button up that button. We don't go in for sun-bathing here."

* * *

Cockfield—"What's that awful smell?"

Connacher—"The dead silence in the lab."

* * *

I loathe those cocky, hard-heeled boys
 Who rate their manliness by noise.
 When quiet's wanted, no sound's horrid
 Than hard-heeled shoes along the corridor.
 But though such "he-men" do me gripe,
 Worse yet's the pussyfooting type.
 My hate for those who ooze around
 Without a sound is most profound.
 You're never certain where they are;
 You're all alone, then—there they are!
 Though I often wish hard heels would light
 Upon a stick of dynamite,
 I'd rather help in knocking off
 The kind that edge right up,—then cough!

* * *

Co-ed (to clerk in Eaton's)—"I'd like to try on that slip in the window."

Clerk—"Sorry, miss, but you'll have to step into the fitting-room."

Open Nights

An English tourist was on his first visit to Niagara Falls, and a guide was trying to impress him with their magnitude.

"Grand!" suggested the guide.

The visitor remained unimpressed.

"Millions of gallons a minute!" explained the guide.

"How many a day?" asked the tourist.

"Oh, billions and billions!" answered the guide.

The visitor looked across, down, up, as if gauging the flow, then turned away apparently unimpressed. "Runs all night, too, I suppose!" he remarked.

(You don't have to read these. They are thrown in free of charge.)

Imagination Creates Real Pain, Scientist Reveals (*Globe and Mail*).

A sure remedy for this, is to dismiss the matter entirely from your tortured mind, until the Head bids you bend over.

* * *

Teachers Must Pay for Striking Pupils (Toronto paper heading).

They are in for a tough time, especially if their victim is bigger than they are.

* * *

We wonder why:

Seaton bought a car.

Ben leans on the pew in chapel.

Christie plays cricket.

Langelier goes to the infirmary.

Crowe bought a camera.

Shan likes Patsy.

"Fuzz" was a guard at the dance.

McCormick goes to church.

Windy still has his class pin.

Mr. Beer is the most popular person around here.

* * *

Doctor—"What you need is an electric bath."

McCormick—"Not me. My uncle got drowned in one of those things in a place called Sing Sing."

* * *

Girl—"Oh, officer! There's a man following me and I think he must be drunk."

Officer (looking her over)—"Yeah, he must be!"

* * *

"Learning is one thing--
Wisdom is another!"

Both are well employed by the motorist
who by trial and experience learns
the wisdom of using only

Hitler visited a fortune-teller. She read his palm and shook her head.

"Bad news. You are going to die on a Jewish holiday."

"Me? On a Jewish holiday? How's that?"

"Any day you died would be a Jewish holiday."

* * *

Motorist (laden with flowers and other spoils from the countryside)—
"Can we take this road to the city?"

Farmer—"You might as well while you're at it."

* * *

Lady—"How did you lose all those teeth, my child?"

Little Boy—"Shifting gears on a lollypop."

* * *

Archibald—"Let's skip school to-day and go away somewhere."

Rogers—"Can't do it; it's *Monday* and I need the sleep."

* * *

Kent—"This coffee tastes like mud."

Maid—"Well, it was ground this morning."

* * *

Cargoes

Worried-looking maiden with a paint-daubed smock on,
Hurrying from her locker through the noonday rush,
With a cargo of paint jars,
T-square, thumbtacks,
Bristol board, drawing board and one small brush.

* * *

Hungry-looking fat boy with a caved-in waist-line,
Stumbling through the rabble with a tray piled high
With a cargo of baked beans,
Doughnuts, coffee,
Hamburgers, butter tarts, and one large pie.

* * *

Worried-looking student with a face like Einstein,
Drifting toward the lab. with his glasses on his nose,
With a cargo of test-tubes,
Retorts, beakers,
Florence flasks, thistle tubes, and red rubber hose.

EXCHANGES

Since our last issue we are pleased to be able to say that our Exchange list has grown considerably. Publications from other schools are always most welcome and we hope that the increase in number of exchanges over the past issue will continue. Space does not permit me to discuss the relative merits of all magazines received, and I have confined myself to a few chosen at random from the list. The receipt of the others I acknowledge with thanks. The remarks below are not necessarily the views held by the review staff, but rather by those of the exchange editor; we hope that other magazines will give us the benefit of their criticisms.

COMMENTS

Lower Canada College Magazine—Lower Canada College, Montreal. A good publication. It would perhaps be advisable to enlarge your humour section; the addition of a few informal school pictures would be highly beneficial.

The Twig—University of Toronto Schools, Toronto. An interesting exchange. Congratulations on your literary section.

B.C.S.—Bishop's College School, Lennoxville. Again you have turned out an excellent magazine, and kept up to your high standard set last mid-summer. Our best exchange. Why not add a few jokes, however?

The Ashburian—Ashbury College, Ottawa. Good Old Boys' number. The addition of team and school pictures would greatly improve the magazine. Your literary section is small, but has a wide variety.

We take great pleasure in acknowledging the following exchanges which we have received since our last edition of the REVIEW went to press:

The Grove Chronicle—Lakefield Preparatory School, Lakefield, Ont.

Acadia Athenaeum—Acadia University, Wolfville, Nova Scotia.

The Wulfrunian—Wolverhampton School.

Trinity University Review—Trinity College, U. of T.

The Limit—Loughborough College.

University of Toronto Monthly—University of Toronto.

The Metre—University of Bishops' College, Lennoxville.

The Canberran—Canberra Grammar School.

Paris High School Year Book—Paris, Ont.

Junior Journal—Princeton Country Day School.

In Between Times—Upper Canada College, Toronto.

Royal Military College Review—Royal Military College, Kingston.

Selwyn House School Magazine—Selwyn House, Montreal.

The Record—Trinity College School, Port Hope.

Acta Ridleiana—Bishop Ridley College, St. Catharines.

Acta Collegii—Chatham Collegiate Institute, Chatham, Ont.

College Times—Upper Canada College, Toronto.

Collegian—Stratford Collegiate, Stratford.

Tech Tatler—Danforth Technical School, Toronto.

"I WANT ANOTHER BLACKTHORN"

We have one particular customer who has been wearing Provan clothes for the past five years and he has always bought the one type of cloth.

"Another Blackthorn Irish Twist" is his standard phrase and his only variation is color and pattern. Not only this one man but hundreds of others have learned that Blackthorn, loomed in Balameena, Ireland and tailored by Ed Provan are considered the best dollar value for hard wear and sharp appearance.

Blackthorns are homespun in effect loomed from doubly twisted worsted yarns in a wide range of colors and pattern effects. They are \$50 made-to-measure and they are just as smart for informal evenings as school days.
